Ward and representation review to come before Council

The review of wards and representation in the City of Albany will now be considered at the Ordinary Council Meeting on Tuesday 24 March, 2015.

A Special Council Meeting was to be held on 17 March but Councillors requested more time to further review the options and consider the submissions.

248 submissions were received during the ward and representation review public consultation period.

The Council is now required to consider the public submissions and make a recommendation to the Local Government Advisory Board.

A copy of the Officer's Report is available at www.albany.wa.gov.au.
