National Tree Day 2015

The City of Albany is supporting National Tree Day with a special planting event to support the Emu Point community.

All are welcome at Emu Beach (Cunningham Street) this Sunday 26 July between 9am and 12pm for a morning of environmental rehabilitation in a fun environment.

City of Albany staff will be on hand to provide local plants, tools and advice for the planting day, which is intended to stabilise sand dunes and improve the amenity of the area.

Albany Toyota will be putting on a barbecue. The National Tree Day event is supported by Planet Ark, Toyota, Bushcarers Group, Friends of Emu Point and the City of Albany.

For more information please call Peter Stewart on 0439 928 582.

A Schools Tree Day event is also being held this Friday 24 July at Cull Park.
