Looking for new members?

Looking for new volunteers?

Want to be more inclusive?

Think it's too hard?

Think again!

The Princess Royal Sailing Club has been running the popular Sailability program for a number of years now. The program has proven so successful that demand has far surpassed all expectations!

Sailability has benefited people with disabilities, but also the club: new members, increased skills for club members, new volunteer opportunities, and collaboration with community groups are just some of the many benefits Sailability has provided.

The Sailing Club would love to share their experience with other clubs looking to be more inclusive of people with disabilities. If your club is interested in embracing all abilities, then come to our FREE Information Expo to learn how.

Light refreshments will be provided

RSVP is essential. To book please contact the City of Albany on (08) 9841 9391.

For further information please contact the Sailability Project Officer, Jenni Flottmann on 0407 758 787.
