LGA comments:

The facility at the Albany Equestrian Centre (AEC) is shared by five different organisations and is available for short term hire. The membership of the AEC has grown from 172 in 2009/2010 to 260 in 2010/2011, indicating substantial growth.

The application identifies safety concerns and usage restrictions due to the current quality and amount of holding pens available. The construction of additional holding pens, using the appropriate material and design, is clearly justified, planned and needed.

Planning approval for the construction of the holding pens will need to be sought through the City of Albany. It has been advised that for this type of project, approval timeline is approximately two weeks.

The City of Albany recognises that the risk of inaction on this project could be detrimental to the continued sustainable growth in membership and facility usage. The City of Albany supports this project, acknowledging its importance to the continued sustainable growth of the sport and safety of members and animals.
