LGA comments:

The Albany Junior Cricket Associations (AJCA) project to construct double wicket cricket nets on the Spencer Park Primary School land proposes a great joint initiative between the AJCA and the Education Department.

Project justification is evident through its proposed shared use between the school, local cricket clubs and the general community. Additional facilities of this nature are needed within the City of Albany to enhance the current infrastructure and to provide for a growing sport and population.

Additional planning and establishment of a formal agreement is recommended between the AJCA and the Education Department to clearly define access, ongoing maintenance responsibilities and a management structure to ensure its ongoing sustainability. Once this agreement is in place the project criteria will be satisfied.

The City of Albany supports this project and encourages the AJCA to negotiate an agreement with the Education Department. It is suggested that the attainment of this documentation may be achievable as a condition of receiving funding in this round of CSRFF submissions.
