VERSION TWO**

**Responsible Officer** : Executive Director Corporate Services (G Adams)

**IN BRIEF**

- Statement of Financial Activity reporting on the revenue and expenditure of the City of Albany for the reporting period ending 30 November 2012.

**ITEM 4.2: RESPONSIBLE OFFICER RECOMMENDATION**

**VOTING REQUIREMENT: SIMPLE MAJORITY**

**The Financial Activity Statement for the period ending 30 November 2012 be RECEIVED.**

**BACKGROUND**

1. The Statement of Financial Activity for the period ending 30 November 2012 has been prepared and is attached.
2. In addition to the statutory requirement to provide Council with a Statement of Financial Performance, the City provides Council with a monthly investment summary to ensure the performance of the investment portfolio is in accordance with anticipated returns and complies with the Investment of Surplus Funds Policy.

**DISCUSSION**

3. In accordance with section 34(1) of the Local Government (Financial Management) Regulations 1996, the City of Albany is required to prepare each month a Statement of Financial Activity reporting on the revenue and expenditure of the local authority.
4. The requirement for local governments to produce a Statement of Financial Activity was gazetted in March 2005 to provide elected members with a greater insight in relation to the ongoing financial performance of the local government.
5. Additionally, each year a local government is to adopt a percentage or value to be used in Statements of Financial Activity for reporting material variances. Variations in excess of \$50,000 are reported to Council.

*“Please note that rounding errors may occur when whole numbers are used, as they are in the reports that follow. The ‘errors’ may be \$1 or \$2 when adding sets of numbers. This does not mean that the underlying figures are incorrect.”*

1. This ratio focuses on the liquidity position of a local government.
2. This ratio provides an indication of whether a local government has sufficient unrestricted cash to pay its trade creditors.
3. The ratio is a measure of total liabilities to total assets or alternatively the number of times total liabilities are covered by the total assets of a local government. The lower the ratio of total liabilities to total assets, the stronger is the financial position of the local government.
4. This ratio measures a local government's ability to service debt (principal and interest) out of its available operating revenue.
5. This ratio measures a local government's ability to service debt in any given year out of total revenue.
6. This ratio provides a measure of whether a local government has sufficient realisable assets to cover its total borrowings.
7. The Coverage Ratio measures the local government's dependence on rate revenue to fund its operations. The higher the ratio, the less dependent a local government is on grants and external sources to fund its operations.
8. The Effectiveness Ratio measures the effectiveness of a local government with the collection of its rates. This ratio will reduce during the course of the year as rate instalments amounts are paid.

### 13. VARIANCES TO BUDGET IN EXCESS OF \$50,000 - AS AT 30 NOVEMBER 2012

#### OPERATING REVENUE (EXCLUDING RATES)

##### OPERATING GRANTS, SUBSIDIES AND CONTRIBUTIONS

Under Variance threshold

##### FEES AND CHARGES

With the legislated changes to the airport screening process, and increase in passenger levy, there was some degree of uncertainty about the impact this would have on airport usage and revenue. The budgeted revenue was set at the lower end of expectations. This has been exceeded year-to-date. However, there has been a timing delay in receiving the invoice for the security screening contract, so the increase in expenses has not been fully reflected in the Operating Expenses.

##### Contributions, Donations & Reimbursements

This variance is due to a number of smaller individual variances. Insurance reimbursements, workers compensation payment reimbursement, and some smaller sundry grant/sponsorship funding being received.

##### INTEREST EARNINGS

Interest earnings on rate instalment payments exceed budget, but similar to last year. Budget estimates for this item are very conservative, due to the uncertainty during budget preparation regarding the interest rate chargeable under amended Local Government regulations being proposed at the time.

##### OTHER REVENUE

Under Variance threshold

#### OPERATING EXPENSES

##### EMPLOYEE COSTS

Under Variance threshold

##### MATERIAL AND CONTRACTS

Timing in receipt of waste contract invoice, the verge hard waste collection has just been completed, but not yet invoiced, with an extra 150 ton of rubbish compared to last year collected. Road and other infrastructure maintenance under budget year to date, due to wet weather in the first quarter of the year. Expect this activity to increase over the summer months. Also a timing delay in the invoicing for airport screening contract.

##### UTILITY CHARGES

Timing difference in streetlight billing. It is anticipated that over the course of the year this should be inline with budget.

**INTEREST EXPENSES**

Under Variance threshold

**INSURANCE EXPENSES**

Under Variance threshold

**OTHER EXPENDITURE**

Under Variance threshold

**DEPRECIATION (NON CURRENT ASSETS)**

Under Variance threshold

**LOSS ON ASSET DISPOSAL**

Under Variance threshold

**LESS ALLOCATED TO INFRASTRUCTURE**

Additional internal resources used for capital works.

**CAPITAL REVENUE****NON- OPERATING GRANTS, SUBSIDIES AND CONTR.**

Timing issue. As with most capital grants, the funding is not allocated in an even spread across the year. This variance is in a number of road grants, and over the year the receipts would be in line with budget.

**PROCEEDS FROM DISPOSAL OF ASSETS**

Minimal assets sold or replaced year-to-date.

**PROCEEDS FROM NEW LOANS**

Under Variance threshold

**SELF-SUPPORTING LOAN PRINCIPAL**

Under Variance threshold

**TRANSFER FROM RESERVES (RESTRICTED ASSETS)**

Under Variance threshold

**CAPITAL EXPENSES****CAPITAL EXPENDITURE**

Timing issue. Minimal capital projects commenced so far, many infrastructure projects are weather dependent. Once dry weather has started, roads and drainage projects can commence on a bigger scale. Purchase of plant and equipment also under budget year-to-date (\$750 000).

**REPAYMENT OF LOANS**

Under Variance threshold

**TRANSFER TO RESERVES (RESTRICTED ASSETS)**

Under Variance threshold

**OTHER ITEMS****RATE REVENUE**

Under Variance threshold

**OPENING FUNDING SURPLUS (DEFICIT)**

Under Variance threshold

**POLICY IMPLICATIONS**

- 14. The City’s 2012/13 Annual Budget provides a set of parameters that guides the City’s financial practices.
- 15. The Investment of Surplus Funds Policy stipulates that the status and performance of the investment portfolio is to be reported monthly to Council.
