## **Deputy CEO appointed**

Albany City Council has resolved to formalise the position of Deputy Chief Executive Officer by appointing Executive Director Corporate Services Garry Adams to the role.

Chief Executive Officer Graham Foster said the appointment was in recognition of Mr Adams' excellent performance in his current role.

Mr Foster said the appointment was essentially a title change, and there would be no change to Mr Adam's existing role.

As such, there will be no appointment of a new Executive Director Corporate Services.

"Garry has proved to be a capable and reliable member of the City's Executive Management Team and this new title reflects the leadership he has shown since his appointment," he said.

Mr Adams has already acted as chief executive on a number of occasions in Mr Foster's absence.
