

Refugium

Exhibition

Refugium is the work of twenty artists from the Great Southern as they investigated themes relating to global and local environmental issues, and contemplated the extraordinary times we are living in. The MIX members work in a wide range of media including sculpture, painting, printmaking and textiles.

All ages. Free entry.

Magnificent Machines Discovery Centre

Visit the Discovery Centre to explore the world of simple machines. How does a push or pull affect an object and how can magnets overcome friction? Design a craft for our flight table, use pulleys and winches to lift weights and engineer a giant marble run to predict an object's path.

All ages. Free entry.
