Running across the three weekends, the shuttle buses will connect several park and ride locations and accommodation providers with the Albany Entertainment Centre, which is a short walk from the activation zones at Anzac Peace Park and Stirling Terrace where the light installation can best be viewed.

- Route 811: Starting at Emu Point, this route travels via Middleton Beach.
- Route 812: Starting at Albany Leisure & Aquatic Centre, this route travels via Retravision Stadium.
- Route 813: This route runs southbound along Albany Highway.

Buses will begin operating around 5.30pm each night and will run return services throughout the evening.
