4. PUBLIC QUESTION AND STATEMENT TIME

6.32pm Yana Appleton, 660 Lower King Road, Lower King

Summary of key points:

Ms Appleton spoke in support of retaining the Norfolk Island pine trees in the centre of the Flinders Parade car park. Ms Appleton said that her opinion the City had not consulted with the community. Ms Appleton stated that she had found getting information from the City was very difficult for her.

6.33pm Mr David Moss, 10 Wittenoorn Street, Middleton Beach

Summary of key points:

Mr Moss supports the removal of the nine Norfolk Island pine trees identified as being in poor condition to enable the upgrade to the Flinders Parade car park. Mr Moss stated that Norfolk Island pine trees are not endemic to Albany and it would be more beneficial to replace them with native species.

6.36pm Ms Jane Mouritz, Barnett Street, Middleton Beach

Summary of key points:

Ms Mouritz addressed Council in support of the removal of the nine Norfolk Island pine trees from the Flinders Parade car park. Ms Mouritz stated that the City had engaged extensively with the Middleton Beach community, and the Middleton Beach Group, as part of the consultation for the Foreshore Enhancement Project.

Ms Mouritz acknowledged that while the removal of pine trees from the Flinders Parade car park may not have been addressed specifically in previous community consultation, the opportunity to undertake further enhancement works to the foreshore was an opportunity to provide better parking and access to Middleton Beach as a result of the provision of additional funding from the State Government.

6.40pm Mrs Pat Kerruish, Garden Street, Middleton Beach

Summary of key points:

Mrs Kerruish spoke in favour of retaining the pine trees in the Flinders Parade car park. Mrs Kerruish asked what the cost of retaining the pine trees would be against the cost of planting new trees.

The Executive Director Development, Infrastructure and Environment responded that retaining the trees would have a cost which had not been determined at this time. In addition, retaining the trees would result in 24 less car parking bays, and the risk of being unable to complete the project within the timeframe of the funding agreement. If this was the case, the City would have to return the funding.

6.43pm Ms MaryJane Gibbs, 4 Golf Links Road, Middleton Beach

Summary of key points:

Ms Gibbs spoke in support of removing the pine trees. Ms Gibbs stated that she had attended a number of community meetings regarding the Foreshore Enhancement Project, and felt that the City of Albany had consulted widely with the community. Ms Gibbs said that as a resident of Middleton Beach, the WA Peppermints planted in the area were thriving.

6.44pm Patrick Foster, Bathurst Street, Mira Mar

Summary of key points:

6.48pm Deborah Cufley, Collingwood Heights

Summary of key points:

6.51pm Mr Tom Burton, Lower King Road, Lower King

Summary of key points:

Mr Burton spoke in support of removing the pine trees from the car park. Mr Burton said that they did not belong in the car park. Mr Burton also stated that the pine trees on the grassed foreshore area dropped a lot debris on the ground making it unpleasant to sit under the trees. Mr Burton requested that the City release any reports done on the health of the trees to the public.

6.52 Ms Sue Lushey, Collingwood Heights

Summary of key points:

Ms Lushey spoke in support of removing the trees from the car park. Ms Lushey stated that while she had only been a resident of Albany since March 2020, she had already had the opportunity to attend several community meetings regarding the Foreshore Enhancement Project, and had also experienced other less formal interactions with City staff around improvements to the Middleton Beach precinct. Ms Lushey said that the City's website contained a large amount of information regarding the work being undertaken at Middleton Beach, which was available to everyone.

6.55pm Michelle Kinsella, McKail.

Summary of key points:

Ms Kinsella spoke in support of retaining the pine trees in the Flinders Parade car park. Ms Kinsella said that new plantings would also suffer being planted in a carpark.
