COVID-19 IMPACT

- Impacts to the financial performance of the City are detailed in the 'Explanation of Material Variances to the YTD Budget in Excess of \$100,000' (Note 1) of the Attachment to this report (Statement of Financial Activity).

BACKGROUND

1. The Statement of Financial Activity for the period ending 30 September has been prepared and is attached.
2. In addition to the statutory requirement to provide Council with a Statement of Financial Activity, the City provides Council with a monthly investment summary to ensure the performance of the investment portfolio is in accordance with anticipated returns and complies with the Investment of Surplus Funds Policy.

DISCUSSION

3. In accordance with section 34(1) of the *Local Government (Financial Management) Regulations 1996*, the City of Albany is required to prepare each month a Statement of Financial Activity reporting on the revenue and expenditure of the local authority.
4. The requirement for local governments to produce a Statement of Financial Activity was gazetted in March 2005 to provide elected members with a greater insight in relation to the ongoing financial performance of the local government.
5. Additionally, each year a local government is to adopt a percentage or value to be used in Statements of Financial Activity for reporting material variances. Variations in excess of \$100,000 are reported to Council.
6. These financial statements are still subject to further yearend adjustments and have not been audited by the appointed auditor.

“Please note that rounding errors may occur when whole numbers are used, as they are in the reports that follow. The ‘errors’ may be \$1 or \$2 when adding sets of numbers. This does not mean that the underlying figures are incorrect.”

STATUTORY IMPLICATIONS

7. Section 34 of the *Local Government (Financial Management) Regulations 1996* provides:
- I. A local government is to prepare each month a statement of financial activity reporting on the source and application of funds, as set out in the annual budget under regulation 22 (1)(d), for that month in the following detail:
 - a. annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c);
 - b. budget estimates to the end of the month to which the statement relates;
 - c. actual amounts of expenditure, revenue and income to the end of the month to which the statement relate
 - d. material variances between the comparable amounts referred to in paragraphs (b) and (c); and
 - e. the net current assets at the end of the month to which the statement relates.
 - II. Each statement of financial activity is to be accompanied by documents containing –
 - a. an explanation of the composition of the net current assets of the month to which the statement relates, less committed assets and restricted assets;
 - b. an explanation of each of the material variances referred to in sub regulation (1)(d); and
 - c. such other supporting information as is considered relevant by the local government.
 - III. The information in a statement of financial activity may be shown –
 - a. according to nature and type classification;
 - b. by program; or
 - c. by business unit.
 - IV. A statement of financial activity, and the accompanying documents referred to in sub regulation (2), are to be –
 - a. presented at an ordinary meeting of the council within 2 months after the end of the month to which the statement relates; and
 - b. recorded in the minutes of the meeting at which it is presented.

POLICY IMPLICATIONS

8. The City’s 2020/21 Annual Budget provides a set of parameters that guides the City’s financial practices.
9. The Investment of Surplus Funds Policy stipulates that the status and performance of the investment portfolio is to be reported monthly to Council.

FINANCIAL IMPLICATIONS

10. Expenditure for the period ending 30 September 2020 has been incurred in accordance with the 2020/21 proposed budget parameters.
11. Details of any budget variation in excess of \$100,000 (year to date) follow. There are no other known events which may result in a material non recoverable financial loss or financial loss arising from an uninsured event.

STRATEGIC IMPLICATIONS

1. This item relates to the following elements of the City of Albany Strategic Community Plan or Corporate Business Plan informing plans or strategies
 - **Key Theme:** Smart Prosperous and Growing.

In Brief:

- To provide Council with update on Q1 2019-20 performance of the NAC.

COVID-19 IMPACT:

- Whilst there was a significant impact with the closure of the NAC due to the State of Emergency requirements, the NAC has experienced visitor numbers in excess of the same period in 2019.
- The increase in visitation to the NAC could anecdotally be attributed to the hard border closure and an increase in intrastate travel.

RECOMMENDATION

CCS307: COMMITTEE RECOMMENDATION

MOVED: COUNCILLOR HAMMOND
SECONDED: COUNCILLOR STEPHENS

THAT the Responsible Officer Recommendation be ADOPTED.

CARRIED 11-0

CCS307: RESPONSIBLE OFFICER RECOMMENDATION

THAT the NAC Operational Report for Q1 2020-21 be RECEIVED.

BACKGROUND

2. The NAC is the City of Albany's most significant tourism asset.
3. The NAC represents a \$10.6-million-dollar investment from the Federal and State Government with an additional \$1.5 million invested by Wesfarmers for the construction of the Convoy Walk and Lookout.

4. The City of Albany manages this national museum and understands the importance of generating economic outcomes for the region using the NAC and the Albany Heritage Park (AHP) assets to encourage increased visitation and extended stays to the region.
5. The City established an independent NAC Advisory Group during the 2016/17 financial year to assist in the further development of both the NAC and AHP, to ensure the assets continue to evolve, aligned with contemporary museum standards. The NAC Advisory Group has been meeting quarterly since convening.
6. It was agreed in November 2018 that the NAC Advisory Group would now meet twice a year. The next meeting is planned for April 2021.
7. Council has budgeted a subsidy of \$250,000 annually for the operations of the NAC and the AHP and has established a reserve on the understanding that any surplus funds be reinvested and used to leverage additional grant funding to improve the asset.
8. This report template is reviewed regularly to ensure that the Community & Corporate Services Committee and the NAC Advisory Group receive all relevant information to assess its performance.

DISCUSSION

9. Q1 2020/21 took overall total visitation numbers to the NAC to 368,808 visitors since opening in November 2014. This equates to an average annual visitation of 62,328 visitors per year.
10. Total visitation for Q1 2020/21 increased by 758 visitors compared to the same period in 2019/20.
11. The visitation in Q1 2020/21 from the Great Southern Region totalled 537 people, equating to 5% of Western Australia's overall visitation.
12. The total visitation in Q1 2020/21 originated from Western Australia (99%) and interstate (1%).
13. Of the 121 visitors from other States and Territories, these consisted of 27% from QLD, 24% from NSW, 24% from VIC, 13% from SA, followed by TAS, ACT and NT all with similar figures between 1-6%.
14. Revenue generated in Q1 2020/21 by the NAC was \$23,155 more compared to the same period in 2019/20. The Forts Store revenue of \$97,405 saw a minor decrease of \$1,447 compared to the same period in 2019/20.
15. Fort Store revenue for July alone of \$35,444 was an increase of \$8,902 from the same month in 19/20 and an increase of \$13,072 compared to 18/19.
16. As at the end of Q1 2020/21, 5,361 local residents were members of the NAC League of Local Legends program.
17. In Q1 2020/21, further progression was achieved of phase one of the NAC refresh. The Viewing Hall was completed with interpretation, photographic panels, new convoy table and showcase. Annex room carpentry works are underway, and the theatre space is on track for viewing to commence late November.
18. In Q1 2020/21, the Hidden Stories of the Fortress grant works for Princess Royal Fortress were completed and officially opened to the public on 26th September 2020.
19. During Q1 2020/21, 116 people took part in Princess Royal Fortress Tours, compared to 1013 in the same period in 19/20. This was largely due to the temporary cessation of volunteer services within the site due to COVID19. The opening of the newly renovated Barracks Building and return of the volunteer services has been embraced by visitors favourably since 26th September.

FINANCIAL IMPLICATIONS

24. Refer to the financial summary below for the National Anzac Centre full year budget and YTD position as at September 30, 2020.

a. Full year operating expenditure budget includes:

- i. \$221,000 of costs from accounts that are “shared” across the AHP. A total of \$869,000 of budgeted costs reported under the AHP have been deemed to be a shared cost across the four reporting areas under the AHP (NAC, Retail, Forts, and AHP Precinct). For the purpose of presenting a standalone view of the NAC, managers have used their best judgement to notionally allocate the \$869,000 across the four areas. Significant shared expenses attributed to the NAC include shared employee costs (\$90,000 of the \$221,000), marketing, ground maintenance, internal service delivery, security, electricity, and insurance.

ALTERNATE OPTIONS

27. The Committee can request further development and refinement of the quarterly reporting tool including both content and frequency of reporting.

SUMMARY CONCLUSION

28. Overall, despite the impact and uncertainty of the COVID19 pandemic, Q1 2020/21 visitation to the NAC has remained strong. Q1 has shown the highest numbers for the July-Sept period since 17/18. The assumption being visitation from within our state is higher due to state border closures/restrictions.
29. Great Southern visitation to the NAC has increased from what has been a steady 1%-2% of overall WA visitation in the past, to an all-time high of 5% during July-Sept period. This significant increase in 3 months would anecdotally be due to interstate and international travel restrictions and Great Southern residents exploring their own backyards. With Albany's busiest holiday season approaching, it is anticipated this increase in local visitation will continue.
30. Interest in the Princess Royal Fortress tours and exhibitions has only decreased during Q1 due to COVID19 and volunteer services not re-commencing until late September.
31. NAC ticket sales and Fort Store retail sales were higher than expected for Q1, with July being our highest July in retail since opening. Visitation and figures for the full period July-Sept remain relatively in-line with all previous years which is a positive outcome during this COVID19-affected period.

Business Entity Name : City of Albany
Report Prepared By : Manager Facilities (L Stone) &
Acting Executive Director Community Services (N Watson)
Responsible Officers: : Acting Executive Director Community Services (N Watson)

STRATEGIC IMPLICATIONS

1. This item relates to the following elements of the City of Albany Strategic Community Plan or Corporate Business Plan informing plans or strategies:
 - **Theme:** Smart Prosperous and Growing
 - **Objective:** To strengthen our region's economic base; and
 - To develop and promote Albany as a unique and sought after destination.
 - **Community Priority:** Strengthen our economy by supporting business innovation and diversity; and
 - Promote the Albany region as a sought after and iconic tourism destination.

In Brief:

- To consider a recommendation from the National Anzac Centre Advisory Group to trial free entry for Great Southern residents as a strategy to increase local visitation.

RECOMMENDATION

CCS308: COMMITTEE RECOMMENDATION

MOVED: MAYOR WELLINGTON
SECONDED: COUNCILLOR HAMMOND

THAT the Responsible Officer Recommendation be ADOPTED.

CARRIED 11-0

CCS308: RESPONSIBLE OFFICER RECOMMENDATION

THAT Council:

- (1) APPROVE expanding membership eligibility for the National Anzac Centre's League of Local Legends to residents living within the Great Southern geographical boundary;
- (2) APPROVE offering free entry to the National Anzac Centre for League of Local Legends members for a promotional period commencing 1st January 2021 and concluding 30th June 2021.

BACKGROUND

2. The NAC is the City of Albany's most significant tourism asset.
3. The City of Albany manages this national museum and understands the importance of generating economic outcomes for the region using the NAC and the Albany Heritage Park (AHP) assets to encourage increased visitation and extended stays to the region.
4. The City established an independent NAC Advisory Group during the 2016/17 financial year to assist in the further development of both the NAC and AHP, to ensure the assets continue to evolve, aligned with contemporary museum standards.

5. The National Anzac Centre League of Local Legends program aims to provide the Amazing South Coast community with discounted opportunities to access one of our community's most important and nationally significant cultural assets - the award winning National Anzac Centre.
6. Local Legends is currently free to join for residents within the municipal boundaries of the City of Albany, Shire of Plantagenet, Shire of Denmark or Shire of Jerramungup, and ratepayers of the City of Albany.

DISCUSSION

7. At the most recent meeting of the National Anzac Centre Advisory Group (NACAG) on September 18, 2020, concerns were raised about the ongoing trend of very low local visitation to the NAC and strategies to improve this.
8. Overall visitation to the NAC in 2019-2020 was 42,353, with only 970 of these – or around 2% - being residents from the Great Southern. This percentage set a new high benchmark for local visitation in a financial year.
9. 369 Local Legends members visited the NAC in 2019-2020. This represents about 7% of the total Local Legends members and less than 1% of the overall visitation to the NAC.
10. From the Local Legends visitation incentives, an additional 540 paying visitors was achieved, which is just over 1% of the overall visitation to the NAC.
11. These statistics show local visitation from the Great Southern region represents a significant market gap, despite the NAC being an award-winning museum of national significance.
12. Visitation data for the NAC from the first quarter of 2020-2021 confirms recent anecdotal evidence of a significant uplift in intrastate visitors, which has translated to an increase in local visitors but this remains a very low portion of overall visitation.
13. Of the 99% intrastate visitation achieved for the quarter, local visitation from the Great Southern represented 5%, or 537 visitors. This is the highest percentage of local visitation the NAC has recorded in a single quarter to date.
14. With Albany's two busiest holiday periods occurring in the 2nd and 4th quarters this financial year, and renewed interest in intrastate holidays due to COVID-19, there is opportunity to realise further growth in local visitation this year.
15. Local visitors are valuable, untapped ambassadors for the NAC who can leverage additional general visitation by personally recommending the experience to family and friends.

NACAG Recommendation

16. The NACAG has recommended Council trial free entry for residents from the Great Southern region for a period of 6 months from 1st January 2021 to 30th June 2021.
17. Given the ongoing low local visitation and minimal percentage of the NAC's paying visitors coming from the Local Legends incentives, it was considered that free entry would not have any material impact on entry income from the NAC across the trial period and would make the museum more accessible to residents from our region.
18. The free entry trial is recommended by NACAG to indicate whether significant growth in local visitation from the Great Southern can be achieved, and what impact this will have on paying visitation numbers from outside the region.
19. The NACAG recommendation did not consider the new visitation statistics for Q1 of 2020-21 as this data was unavailable at the time, but it is not expected it would have made a material difference to the Advisory Group's considerations.

League of Local Legends

20. The League of Local Legends program was established in 2017 and currently has 5,361 members, an increase of 1,540 members since June 2020 due to a range of promotional initiatives.
21. This has included expanding membership eligibility to residents from all South Coast Alliance local government partners, i.e. Albany, Plantagenet, Denmark and Jerramungup.
22. Joining the League of Local Legends currently entitles the member to the following benefits:
 - 50% discount on standard entry prices to the NAC;
 - Free entry to the NAC if chaperoning a paying visitor;
 - Paying visitors chaperoned by a member get a 10% discount on entry to the NAC;
 - 10% discount on purchases at the Forts Store Boutique;
 - Email updates about exciting events and programs for Local Legends members.
23. Considerable time and resources has been invested in developing and expanding the existing Local Legends program, and officers believe there would be value in adopting a promotional offer through this program that supports the aims of the NACAG recommendation.
24. It is recommended to expand the existing eligibility of the Local Legends to the 11 local government municipalities with the geographic boundary of the Great Southern region, and include Jerramungup as an Alliance partner.
25. To promote expanded membership into the whole region, it is proposed to offer free entry on standard entry prices to the NAC for members only, for the duration of the NACAG's proposed trial period, as follows:
 - Free entry to the NAC (1st January 2021 – 30th June 2021 only);
 - Paying visitors chaperoned by a member get a 10% discount on entry to the NAC;
 - 10% discount on purchases at the Forts Store Boutique;
 - Email updates about exciting events and programs for Local Legends members.
26. The existing incentive structure could be reinstated at the end of the promotional period.

STATUTORY IMPLICATIONS

28. The Local Government Act 1995:

Section 6.12. Power to defer, grant discounts, waive or write off debts

(1) Subject to subsection (2) and any other written law, a local government may —

(a) when adopting the annual budget, grant* a discount or other incentive for the early payment of any amount of money; or

(b) waive or grant concessions in relation to any amount of money; or

(c) write off any amount of money,

which is owed to the local government.

*** Absolute majority required.**

(2) Subsection (1)(a) and (b) do not apply to an amount of money owing in respect of rates and service charges.

29. The delegated authority to waive fees and charges, does not extend to the writing off of admission fees, noting the condition of delegation states:

<p>Condition of Delegation:</p> <p>(a) This authorisation:</p> <ul style="list-style-type: none"> • does not extend to statutory charges, the municipal rate or service charges incorporated within the rate notice. • is subject to: <ul style="list-style-type: none"> ○ Conditions contained in Council Policies; ○ Funding being allocated in the City's Annual Budget; and ○ Reporting: <ul style="list-style-type: none"> ▪ Funding/Donations limited to \$10,000. ▪ Funding/Donations above \$10,000 must be reported to Council. <p>(b) Any waiver, reduction or refund of a fee shall be based on the following criteria:</p> <ul style="list-style-type: none"> • The proposal not being intended to be a money making venture for the benefit of the entity. • The cost of in-kind support and work undertaken by the City of Albany. • The application is on behalf of a non-profit or charitable organisation or be reflective of the benefit of the proposal to the community.

POLICY IMPLICATIONS

RISK IDENTIFICATION & MITIGATION

31. The risk identification and categorisation relies on the City's Enterprise Risk and Opportunity Management Framework.

Risk	Likelihood	Consequence	Risk Analysis	Mitigation
Financial: <i>6-month promotional period results in loss of ticket revenue from existing annual local visitor intake to the NAC, adversely impacting budgeted revenue.</i>	<i>Unlikely</i>	<i>Minor</i>	<i>Low</i>	<i>Continue to monitor budgeted revenue versus actuals this financial year and inform Council of any anticipated material adverse impact on budget.</i>
Financial: <i>There is expectation that free entry for Great Southern residents will continue, or be available to any visitor.</i>	<i>Possible</i>	<i>Minor</i>	<i>Medium</i>	<i>Clearly communicate the terms and timing of the free entry promotional offer.</i>
Legal and Compliance: <i>A visitor attempts to gain free entry fraudulently by providing false residential details on presentation at the NAC.</i>	<i>Unlikely</i>	<i>Minor</i>	<i>Low</i>	<i>Utilising the existing League of Local Legends program requires residents to provide their contact details – and these are retained on records – as part of the sign-up process. Officers may also request proof of ID, such as a Drivers Licence.</i>

FINANCIAL IMPLICATIONS

32. Revenue from NAC ticket sales achieved in the 2019-2020 financial year was over \$753,000, and in the first quarter of 2020-21 was \$216,520.
33. A full non-discounted or non-concession entry fee to the NAC is \$25.
34. Due to entry incentives for members, family entry packages and concession rates, it is difficult to calculate accurate figures of the amount of direct income generated from current Great Southern visitation.
35. However, given the trend for low local visitation, concessions and the free or 50% discount entry already provided to Local Legends members, the percentage of income from local visitation would be minimal.
36. Offering stand-alone free entry to all Great Southern residents as recommended by NACAG would be difficult to implement consistently. For example, it cannot be applied to a local visitor purchasing The Amazing South Coast Pass – a discounted entry ticket for 3 local attractions – given it includes existing arrangements with partner attractions, and the online point of sale for these passes does not have the capability of verifying a local purchaser.
37. The League of Local Legends membership applies to visitation of the NAC as a single attraction only and the officers’ recommendation avoids complications in administering the three-way pass and maintains existing partner relationships.

LEGAL IMPLICATIONS

ENVIRONMENTAL CONSIDERATIONS

39. Nil.

ALTERNATE OPTIONS

40. Do not approve the responsible officer’s recommendation and maintain the status-quo League of Local Legends membership eligibility and incentives.
41. Approve a six month trial of free entry for Great Southern residents, monitoring growth and member visitation numbers, noting the current League of Local Legends program would be placed on hold and potentially challenging to resurrect when the trial ends.

CONCLUSION

42. Extending membership eligibility for the League of Local Legends to all Great Southern residents and promoting this with a 6-month free entry offer will meet the aims of the NACAG recommendation and potentially attract a new wave of local visitors who can experience the legend and advocate to friends and family to visit the site.
43. Visitation figures to date clearly show that local visitation is a very small portion of overall numbers visiting the NAC, despite the encouraging increase in visitation during Q1 this financial year.
44. It is anticipated that the free entry promotion for Local Legends will be well received by Great Southern communities and encourage more Great Southern residents to visit and enjoy the Albany Heritage Park experience.

Councillor Paul Terry
CHAIR

TABLED ADDRESS Y APPLETON

My Name is Yana Appleton and I'm here as a spokesperson for the Albany community in regards to the destruction of the 10 Norfolk Pines at Middleton beach.

A community member, who upon reading about their destruction in the Albany Advertiser, started an online petition to save the iconic trees. This petition has had a huge response from the public in just a matter of days, and has now get over 900 signatures, which I have with me here to submit to the council.

As stated in the Albany Advertiser, the councils reasoning behind the trees removal were that they were in poor condition and damaging the asphalt car park.

I actually held a community meeting down at the trees on Sunday afternoon and it was clear to all who attended that the 6 trees in the middle of the car park certainly look to be struggling. Understandably so, when covered in asphalt. However, the 3 larger ones next to Flinders Parade and the one by The 3 anchors look to be in perfect health and showed no signs of damage to the surrounding areas at all.

One of the many concerns raised about their removal was the amount of shade that these trees provide to people utilising the car park. Shade, that we certainly don't think the proposed peppermint trees will be able to match, especially as they will likely take years to reach maturity.

What we, as concerned citizens propose.

- Is that the trees be preserved in stead of mulched.
- That the three larger healthy trees be left where they are and

that the 6 trees that look to be struggling, have the asphalt ~~removed~~^{altered} from around them, allowing them to possibly thrive.

- As a last resort, to transplant the trees, but only after all other avenues are exhausted. This was done successfully 2 years ago in Alkimos in Perth.

And lastly, delay the imminent removal of the trees until the council can seek further consultation with the people of Albany.

Officers are proposing important changes to the Albany landscape on the run, in an ad hoc way that ignores past planning and public input.

The City and Landcorp prepared a foreshore management plan as part of the hotel rezoning and this involved considerable public and agency involvement. This plan did not propose the removal of any pine trees.

More recently the city has sought public involvement in the Foreshore enhancement Project. This initially proposed the removal of 3 trees, but based on submissions this was changed to 2, which have already been removed.

We understand that the removal of these 10 trees is largely down to their interference with the Middleton Beach Foreshore development Project. We feel that the public have not been sufficiently consulted on this matter and insist that this, and ALL future matters regarding the landscape and function of our community be first and foremost transparent with full public consultation.

The council can achieve this by;

- Making a copy of the city of Albany 2020 Investment Portfolio available to the public,

- To ensure there's public consultation on projects BEFORE funding is obtained and
- Transparency and accountability for any organic changes that are part of any ongoing and future projects.

Albany is a historic city, which sets us apart from others, this needs to be preserved, including its flora.

On behalf of the community, we want an accountable and transparent council.

Thankyou.
