STRATEGIC IMPLICATIONS

 - **Pillar/Priority:** Leadership.
 - **Outcome:** Strong workplace culture and performance.

IN BRIEF

2. Under the Local Government Financial Management Regulations, a local government is to prepare on a monthly basis a statement of financial activity that is presented to Council.
3. The City of Albany's Statement of Financial Activity for the period ending 31 July 2021 has been prepared and is attached.

THAT the Authorising Officer Recommendation be ADOPTED.

CARRIED 10-0

CCS376: AUTHORISING OFFICER RECOMMENDATION

THAT the Financial Activity Statement for the period ending 31 July 2021 be RECEIVED.

DISCUSSION

5. The requirement for local governments to produce a Statement of Financial Activity was gazetted in March 2005 to provide elected members with a greater insight in relation to the ongoing financial performance of the local government.
6. In order to fulfil statutory reporting obligations, the Financial Activity Statement prepared provides a snapshot of the City's year to date financial performance. The report provides:
 - (a) Statement of Financial Activity by Nature or Type;
 - (b) Explanation of material variances to year to date budget;
 - (c) Net Current Funding Position;
 - (d) Investment Portfolio Snapshot;
 - (e) Receivables; and
 - (f) Capital Acquisitions.

7. Additionally, each year a local government is to adopt a percentage or value to be used in the Statement of Financial Activity for reporting material variances. Under Council item CCS367, Council approved that a variance between actual and budget-to-date of greater than \$100,000 is considered to be a material variance for reporting purposes in the Statement of Financial Activity for 2021/2022.
8. The Statement of Financial Activity may be subject to year-end adjustments and has not been audited by the appointed auditor.
9. It is noted that rounding errors may occur when whole numbers are used, as they are in the reports that follow. The 'errors' may be \$1 or \$2 when adding sets of numbers. This does not mean that the underlying figures are incorrect."

STATUTORY IMPLICATIONS

10. Section 34 of the Local Government (Financial Management) Regulations 1996 provides:
 - 34(1) A local government is to prepare each month a statement of financial activity reporting on the revenue and expenditure, as set out in the annual budget under regulation 22 (1)(d), for that month in the following detail:

 - (b) budget estimates to the end of the month to which the statement relates; and
 - (c) actual amounts of expenditure, revenue and income to the end of the month to which the statement relates; and
 - (d) material variances between the comparable amounts referred to in paragraphs (b) and (c); and
 - (e) the net current assets at the end of the month to which the statement relates.
 - 34(2) Each statement of financial activity is to be accompanied by documents containing:
 - (a) an explanation of the composition of the net current assets of the month to which the statement relates, less committed assets and restricted assets; and
 - (b) an explanation of each of the material variances referred to in sub regulation (1)(d); and
 - (c) such other supporting information as is considered relevant by the local government.
 - 34(3) The information in a statement of financial activity may be shown –
 - (a) according to nature and type classification; or
 - (b) by program; or
 - (c) by business unit.
 - 34(4) A statement of financial activity, and the accompanying documents referred to in sub regulation (2), are to be —
 - (a) presented at an ordinary meeting of the council within 2 months after the end of the month to which the statement relates; and
 - (b) recorded in the minutes of the meeting at which it is presented.
 - 34(5) Each financial year, a local government is to adopt a percentage or value, calculated in accordance with the AAS, to be used in statements of financial activity for reporting material variances

COVID-19 IMPACT

RECOMMENDATION

CCS379: COMMITTEE RECOMMENDATION

MOVED: COUNCILLOR SUTTON
SECONDED: COUNCILLOR DOUGHTY

THAT the Authorising Officer Recommendation be ADOPTED.

CARRIED 10-0

CCS379: AUTHORISING OFFICER RECOMMENDATION

THAT Council APPROVE the Regional Event Sponsorship application for Targa West 2022 for \$20,000.

BACKGROUND

2. The City of Albany's Regional Events Sponsorship (RES) program is designed to attract and support the staging of events that are regional economic drivers for Albany as a destination.
3. A Regional Event is defined as possessing the capability to attract significant numbers of visitors from outside the region and is more than just a local festival; it must possess substantial drawing power.
4. Council allocated \$80,000 in its 2021-2022 budget for RES. This was equivalent to the amount allocated in 2020-2021 and reflects Council's continued commitment to have budget capacity to support community and regional events in a recovering economy.

DISCUSSION

Program Overview

5. A review of the RES structure and assessment process was undertaken in 2019 to re-align funding contracts with financial years, rather than calendar years as it had been previously, creating more effective budget management.
6. The 2021-2022 RES funding round opened for applications on 1 July 2021 and closed on 30 July 2021, for events being held between September 2021 to 30 June 2022 to realign the funding contracts to the City's financial year.
7. In addition to advertising in print, the City's website and social media, all previous applicants were directly notified by email of the grant round.

The RES program 2021 objectives include:

- a. Generate additional tourism income by increasing visitor expenditure in the Albany region (economic impact);
 - b. Involve and inspire the local community (social benefits);
 - c. Attract media coverage that will help to raise the profile of Albany as a visitor destination (media impact);
 - d. Demonstrate continuity and potential to engage the community in the future (sustainability).
8. The program is a competitive funding application process. The sponsorship criteria and application processes follow a similar format to the State Government's Regional Events Scheme Program administered by Tourism Western Australia. Applicants are encouraged to also apply for Tourism Western Australia RES funding.
 9. Events that are funded by Council are required to enter into a Contractual Agreement with the City inclusive of post-event acquittals, project reports and milestone payments where relevant.

COVID19 Impact

10. Covid had an unforeseen immediate impact on the events industry and this was reflected in receiving a very low number of RES applications for the most recent previous round of RES in 2020-2021.
11. To support some of our major regional events return, application eligibility was extended into the 2021-2022 year, resulting in several additional applications that were accepted by the assessment panel in December 2020.
12. This has resulted in ArtSouth WA's Southern Art and Craft Trail and Albany Mountain Bike Club's Southern Peaks, which fall in the 2021-2022 financial year, having existing funding contracts with the City, making them ineligible for the current 2021-2022 RES round.
13. The pandemic continues to significantly impact the events sector, causing events locally and elsewhere to be cancelled.
14. This was most recently seen in Western Australia in early July 2021, with the Perth and Peel Region entering a lock down period, and stringent border controls reintroduced with eastern states.
15. This impacted visitor numbers to Albany during the July school holidays, and impacted the City's Maritime Festival with several musical acts that had been booked withdrawing due to the lock down and associated restrictions.
16. The uncertainty caused by COVID-19 and the potential impact of an outbreak on any planned events is considered a factor in the City only receiving three applications for events in the 2021-2022 RES round.

Assessment

17. Applicants were encouraged to shape their proposed activities to the funding and event sponsorship criteria, and officers gave guidance to applicants who did not meet the eligibility criteria.
18. Two applications did not fit the criteria for RES. One application was funded under the Community Events Grant and the other applicant has been invited to reapply in 2022 as their event is scheduled to be held in 2022-2023 financial year.
19. One eligible application for RES was received for funding with the request being for \$20,000 with \$80,000 available for allocation.
20. \$25,000 in RES funding commitment from the 2020-2021 funding round is also allocated to events being held in 2021-2022.
21. As there was only one eligible application, officers assessed this application against the criteria and recommend supporting this application.
22. A summary of applications received is outlined in Table 1.

Table 1 - Regional Events Sponsorship –

	Applicant / Event	Event Type	Panel Comments	Amount Requested	Officer Recommendation
1.	Targa West Pty Ltd: <i>Targa Albany Sprints</i>	<u>Motorsport Event</u> One round of 10 round State Make Smoking History Targa Cup Series.	March long weekend peak period. 4.	Carry over commitments From 2020-2021 Second Round	<u>Regional Events</u> Arts trail and downhill mountain biking	Southern Arts & Craft Trail Southern Peaks	\$25,000	\$25,000
Totals				\$85000	\$45,000

GOVERNMENT & PUBLIC CONSULTATION

23. Not applicable.

STATUTORY IMPLICATIONS

24. Nil.

POLICY IMPLICATIONS

25. Approval of RES funding recommendations is required by Council.
26. Successful applicants are required to enter into a Funding Contract with the City.
27. Funded applicants are required to submit an Event Approval Application to the City no later than 3 months prior to their event.

RISK IDENTIFICATION & MITIGATION

28. The risk identification and categorisation relies on the City's Enterprise Risk & Opportunity Management Framework.

Risk	Likelihood	Consequence	Risk Analysis	Mitigation
Reputation: Funding recommendations not endorsed may result in negative feedback from the community and/or applicants.	Unlikely	Minor	Low	A rigorous application and assessment process has been applied to ensure Council has confidence in assessment panel funding recommendations.
Reputation: Negative feedback from applicants declined for funding.	Possible	Minor	Medium	Communicate the justification and reasoning to unsuccessful applicants.
Financial: A further COVID outbreak could lead to events not occurring once funds have been distributed to successful applicants.	Possible	Major	High	Funding Agreements include a Force Majeure and appropriate Covid clauses, and milestone payment schedule that provide security to the City's interests.
Community: Community safety is put at risk by not following appropriate health directions.	Possible	Major	High	Adherence to State or Federally mandated pandemic advice is part of the Event Approval Application to be submitted to the City. Officers will communicate with event organisers about mandated Covid-19 risk mitigation and strategies.

FINANCIAL IMPLICATIONS

29. Management and oversight of funding and event sponsorship is undertaken using existing staff resources within the Community Relations Team, within existing allocated budgets.
30. Council has allocated \$80,000.00 for RES in 2021-2022.

LEGAL IMPLICATIONS

31. Nil.

ENVIRONMENTAL CONSIDERATIONS

32. Nil.

ALTERNATE OPTIONS

33. Council may make alternative recommendations for funding including substitute dollar amounts for recommended applicants. This is not recommended given the rigorous assessment process undertaken which has carefully considered each application on its merits.
34. As the RES Funding Round for 2021-2022 has been undersubscribed, Council may consider opening a second round of RES funding later this year subject to demand, for events being held in the first half of 2022.
35. Remaining funds could be allocated under delegation on a case-by-case basis towards regional event opportunities that may arise throughout the year that support the objectives of RES.

SUMMARY CONCLUSION

36. It is recommended that the Authorising Officer's recommendation be endorsed.

 - \$100,000.00 In-kind contribution
2. Railways Football & Sporting Club
 - \$315,000.00 Cash contribution
 - \$16,122 In-kind contribution

BACKGROUND

2. The Community Sport and Recreation Facilities Fund (CSRFF) administered by the Department of Local Government, Sport and Cultural Industries (DLGSCI) has three rounds of available funds including:
 - Small Grant Funding Round (Summer).
 - Annual and Forward Planning Funding Round.
 - Small Grant Funding Round (Winter).
3. The CSRFF program is a State-wide \$12 million program. All three rounds are often oversubscribed and clubs may need to reapply on a number of occasions to be successful.
4. The CSRFF Annual and Forward Planning Grants Round targets community sport projects where the financial value of the total project is over \$300,000 and can be claimed up to three financial years following the date of approval. Under CSRFF guidelines it is not a requirement for the applicant to have secured funding at time of approval. The applicant has 3 years to secure funding and complete the project.

5. Applicants must be either a local government authority or a not-for-profit sport or community organisation incorporated under the *Associations Incorporation Act 1987* (WA).
6. Clubs and local government authorities applying for funds must demonstrate equitable access to the public on a short term and casual basis.
7. The land on which the facility is to be developed must be one of the following:
 - Crown reserve.
 - Land owned by a public authority.
 - Municipal property.
 - Land held for public purposes by trustees under a valid lease, title or trust deed that adequately protects the interests of the public.
8. Whilst there is no obligation for Local Government to contribute to the community sporting projects, local government is viewed as a key funding partner in supporting improved community sporting amenities.
9. The City of Albany has a Community Sports & Recreation Facilities Small Grant Funding Policy to guide how it will allocate funding through its annual Capital Seed Fund towards community sporting projects applying for CSRFF funding.
10. In the instance of the applications received for consideration in this report, the scale of the projects and contribution requested from Council is beyond the capacity of the Capital Seed Fund and Council has previously approved funding allocations towards these projects from within its annual Budget.
11. The DLGSCI – Sport and Recreation application form requires applications to be initially submitted to the Local Government within which the project proposal is located.
12. The CSRFF funding application process requires Local Government to assess all relevant applications and to rank the applications in priority order for the municipality. The applications are then submitted to DLGSCI on behalf of the applicants prior to September 30, 2021.
13. Once the assessment process from Local Government Authorities is complete, all applications received from Western Australian organisations are assessed by the relevant State Sporting Association and the DLGSCI – Sport and Recreation CSRFF Committee against a number of criteria, with the final decision on funding being at the discretion of the Minister for Sport and Recreation.

DISCUSSION

14. The DLGSCI grant guidelines require Council to provide a ranking for the projects.
15. The DLGSCI – Sport and Recreation provides guidelines for Local Government Authorities to assess each submission. This assessment uses the following criteria and a project rating of satisfactory/unsatisfactory or not relevant:
 - Project justification.
 - Planned approach.
 - Community input.
 - Management planning.
 - Access and opportunity.
 - Design.
 - Financial viability.
 - Coordination.
 - Potential to increase physical activity.
 - Sustainability.

With overall project rating, being:

- Well planned and needed by municipality.
- Well planned and needed by applicant.

- Needed by municipality, more planning required.
 - Needed by applicant, more planning required.
 - Idea has merit, more planning work needed.
 - Not recommended.
16. The type of projects which will be considered for funding through the CSRFF program include:
- New playing surfaces - ovals, courts, synthetic surfaces etc.
 - Floodlighting projects (must be to Australian Standards).
 - Change rooms and ablutions.
 - Sports storage.
17. Projects are ranked on the strength of the application, participation numbers, and ability to increase physical activity and potential impact as well as consultation with the Department of Local Government, Sport and Cultural Industries – Sport and Recreation and the applicant.
18. Projects that are directly related to the delivery of the sport (surface or grounds) or will increase participation (lighting) are usually ranked higher over those that support the sporting environment.
19. The City of Albany has engaged a peer review independent of the City's administering officers to review the City's assessment process and subsequent ranking of projects. The independent assessment panel involved the following representatives:
- Lee Sounness – Manager Corporate Services, Shire of Denmark.
 - Lisa Forward – Capacity Builder WA Primary Health Alliance.
 - Anthony McEwan – Manager Major Projects, City of Albany.
20. This independent assessment review provides a higher level of transparency and provides a higher level of confidence for Council when considering the officer recommendations and proposed rankings.
21. Of the three reviews, all were of the view that the projects submitted met the CSRFF criteria, and were supportive of the proposed project rankings. The independent review comments are attached.
22. The City of Albany has received two (2) Annual and Forward Planning grant applications this round. The following additional information is provided about the project and funding application:
- Project: Albany Community Tennis Centre** – City of Albany with Merrifield and Lawley Park Tennis Clubs, and the Lower Great Southern Tennis Association (LGSTA)
23. The funding application is a Forward Planning grant application to construct the Albany Community Tennis Centre at the Centennial Park Sporting Precinct – Eastern Precinct (CPSP-EP). Crown Reserve managed by the City of Albany.
24. The facility proposal includes: Sports Surface and Lighting - 10 floodlit gel acrylic courts including utilising the Book a Court online court booking and payment platform.
25. The 10-court development provides the capacity to accommodate 40 mobile hot-shot courts: essential for junior participation and growth in tennis as a sport in the region.
26. Merrifield and Lawley Park Tennis Clubs have confirmed in principle with the LGSTA to support the relocation and amalgamation of their clubs with a signed MOU already in place.
27. Clubs affiliated with LGSTA have a combined membership of 470 (53% male and 47% female). There are 185 club members between Lawley Park and Merrifield, and 297 members in Albany with a member to court ratio of 14:1. Junior coaching is provided to 250 children in Albany.

28. The Lawley Park Tennis Club is located on crown reserve and the club hold a lease agreement with the City of Albany. The facility on this land is heritage listed. The Merrifield Tennis Club is on private property that is owned by the Uniting Church. Both facilities are in poor condition and are at the end of their life.
29. Project Cost: \$2.8 million
30. The project is well planned (Business Case and Feasibility Study) and needed by the region.
31. A Regional Tennis Centre Feasibility Study was completed in 2019 by Dave Lanfear Consulting and when presented to Council in March 2020 City officers were requested to support the tennis community to re-work the project scope, review the sites and explore possible co-location partners.
32. The reworked project scope was presented to Council in September 2020. The reworked scope was endorsed in line with the guidelines for a Large Community Tennis Centre with provision of up to 16 courts.
33. At the September 2020 meeting, Council also endorsed the Centennial Park Sporting Precinct – Eastern Precinct (CPEP) as the site for the Albany Community Tennis Centre. A co-located amalgamation was supported as the most viable option.
34. The overarching purpose of the project is to develop a 16-court tennis centre in the Eastern Precinct of the Centennial Park Sporting Complex, Albany, as a two-stage project (Albany Community Tennis Centre).
35. In order to address priority court surface concerns, the first stage of the project will include 10 courts as a like-for-like replacement of existing end-of-life and degraded infrastructure at current Merrifield Park Tennis Club and Lawley Park Tennis Club sites, as well as lighting and 'Book a Court' infrastructure to extend capacity and increase participation in the region.
36. It is proposed that a future second stage would include the final six courts and an extension to existing shared clubroom facilities at the site.
37. The project is noted in the Great Southern Regional Sport and Recreation Plan as a Key Facility Investment for the City of Albany and the region under the Facility Development Priorities 6.1.
38. Department of Local Government, Sport and Cultural Industries – Sport and Recreation Great Southern Regional Manager has indicated that the project meets the criteria and would be supported at a regional level as a high priority.

Project: Facility Enhancement Project – Railways Football & Sporting Club

39. The funding application is a Forward Planning grant application to upgrade existing ablution and clubhouse facilities. The facility improvements have been prepared to both facilitate current and projected needs whilst also allowing flexibility for new avenues that may open up over time. The following developments are proposed:
 - Vital reroofing works and construction of front steel portal and windows;
 - Development of new change rooms to Women's Sporting Standard;
 - Disable access improvements throughout the building and exterior;
 - Development of disabled and unisex toilets;
 - Development of an umpire room to Unisex Sporting Standard; and
 - Final development of the roof and floor
40. Following advice from the Department of Local Government, Sport and Cultural Industries – Sport and Recreation Great Southern Regional Manager, the club has refined the scope of the project to meet CSRFF Eligibility criteria for the purpose of this application.
41. The refined project scope is \$1.1million.
42. The Railways Football and Sporting Club have committed to progressing works on the wider clubroom enhancements, bar facility, scoreboard and playground. They have committed

- club funds and election commitment to completing this stage of the project and also have another pending funding application for these works.
43. The club has removed the resurfacing of the carpark from the project as this was deemed not essential to delivery of club operations.
 44. The enhancements will consequently facilitate and improve service for wider community access and attraction, including for all abilities users, women’s sporting groups, and additional community groups or functions.
 45. Much of the current building is still in a reasonable structural condition; however, there is a need for some critical repairs in certain areas, particularly the roof.
 46. The clubrooms do not currently have any separate toilet and change facilities for its women users. This is a limiting factor in the club’s desire to attract more women as members and capitalise on the rapidly growing interest in women’s sport.
 47. The club has a membership of 350 with a mix of ages and genders participating.
 48. Membership has been increasing steadily, with an average annual growth rate over 12%.
 49. Railways Football & Sporting Club is on crown land managed by the City of Albany. The club has a lease agreement with the City of Albany. The club lease portfolio has recently been extended to accommodate the project.
 50. The project is well planned (Business Case and Feasibility Study) and needed by the applicant.
 51. Department of Local Government, Sport and Cultural Industries – Sport and Recreation Great Southern Regional Manager has indicated that the project meets the criteria and would be supported at a regional level.
 52. The below ranking recommendation has been provided based on the applicant meeting the required criteria and its overall project ranking.

RANK	ORGANISATION	PROJECT DETAIL	OVERALL PROJECT RATING
1.	City of Albany (with the LGSTA, Merrifield and Lawley Park Tennis Clubs)	Albany Community Tennis Centre	<p>Well planned and needed by region. CCS382: AUTHORISING OFFICER RECOMMENDATION 3

That Council APPROVE a total of \$70,000.00 (exc. GST) from the 2021/2022 Capital Seed Fund to the following community sporting project as the Council's commitment upon successful Club Night Light Program grant application:

1. Albany Speedway Club – Lighting and Power Upgrade (\$70,000.00).
2. This funding will still be allocated even if the funding application is unsuccessful, providing the applicant can demonstrate that the project will be completed and acquitted using funding from other sources; and
3. The funding amount does not exceed \$70,000 (exc. GST).

Note: The Authorising Office Recommendation prior to the meeting include points 2 & 3.

BACKGROUND

2. The Club Night Lights program is a new funding program administered by the Department of Local Government, Sport and Cultural Industries (DLGSCI) that follows similar guidelines and requirements to the established Community Sport and Recreation Facilities Fund.
3. The purpose of the Club Night Lights program is to provide financial assistance to community groups and local governments to develop sports floodlighting infrastructure.
4. The program aims to maintain or increase participation in sport and recreation with an emphasis on physical activity, through rational development of good quality, well-designed and well-utilised facilities.
5. Through the Club Night Lights Program, the State Government will invest \$10 million over four years towards floodlighting infrastructure. The maximum grant offered for standard grant applications is one third of the total estimated project cost (excluding GST) up to a maximum grant of \$1 million.
6. The Club Night Lights Program does not fall under the suite of CSRFF funding programs, however the program criteria and process of assessing and administering the applications aligns with the CSRFF.
7. Applicants must be either a local government authority or a not-for-profit sport or community organisation incorporated under the WA Associations Incorporation Act 1987.
8. Clubs and local government authorities applying for funds must demonstrate equitable access to the public on a short term and casual basis.
9. The land on which the facility is to be developed must be one of the following:
 - Crown reserve.
 - Land owned by a public authority.
 - Municipal property.
 - Land held for public purposes by trustees under a valid lease, title or trust deed that adequately protects the interests of the public.

10. Whilst there is no obligation for Local Government to contribute to the community sporting projects, local government is viewed as a key funding partner in supporting improved community sporting amenities.
11. The City of Albany has a Community Sports & Recreation Facilities Small Grant Funding Policy to guide how it will allocate funding through its annual Capital Seed Fund towards community sporting projects applying for CSRFF funding. Whilst the Club Night Lights program does not sit under CSRFF, the project aligns with the outcomes of the Capital Seed Fund.
12. The DLGSCI – Sport and Recreation application form requires applications to be initially submitted to the Local Government within which the project proposal is located.
13. The Club Night Lights funding application process requires Local Government to assess all relevant applications and to rank the applications in priority order for the municipality. The applications are then submitted to DLGSCI on behalf of the applicants prior to September 30, 2021.
14. Once the assessment process from Local Government Authorities is complete, all applications received from Western Australian organisations are assessed by the relevant State Sporting Association and the DLGSCI – Sport and Recreation CSRFF Committee against a number of criteria, with the final decision on funding being at the discretion of the Minister for Sport and Recreation.

DISCUSSION

15. The DLGSCI grant guidelines require Council to provide a ranking for the projects.
16. The DLGSCI – Sport and Recreation provides guidelines for Local Government Authorities to assess each submission. This assessment uses the following criteria and a project rating of satisfactory/unsatisfactory or not relevant:
 - Project justification.
 - Planned approach.
 - Community input.
 - Management planning.
 - Access and opportunity.
 - Design.
 - Financial viability.
 - Coordination.
 - Potential to increase physical activity.
 - Sustainability.

With overall project rating, being:

- Well planned and needed by municipality.
 - Well planned and needed by applicant.
 - Needed by municipality, more planning required.
 - Needed by applicant, more planning required.
 - Idea has merit, more planning work needed.
 - Not recommended.
17. The Club Night Lights Program can fund new or upgraded facilities which will maintain or increase physical activity and participation through the provision of floodlighting.

Examples of projects which will be considered for funding include:

- providing floodlighting to community training and/or local match play standard where existing facilities do not meet training standard;
- meeting strategic objectives for state sporting associations by providing facilities for competition play at formally identified locations;
- replacing aging metal-halide floodlighting with energy efficient LED floodlighting to community training and/or community match play standard; and

- power upgrades directly linked to the development of lighting.
18. All eligible Club Night Lights projects would ordinarily be eligible for CSRFF grant rounds.
 19. Projects are ranked on the strength of the application, participation numbers, and ability to increase physical activity and potential impact as well as consultation with the Department of Local Government, Sport and Cultural Industries – Sport and Recreation and the applicant.
 20. The City of Albany has engaged a peer review independent of the City's administering officers to review the City's assessment process and subsequent ranking of projects. The independent assessment panel involved the following representatives:
 - Lee Sounness – Manager Corporate Service, Shire of Denmark.
 - Lisa Forward – Capacity Builder WA Primary Health Alliance.
