CITY OF ALBANY

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY FOR THE PERIOD ENDED 31 MARCH 2023

BASIS OF PREPARATION

BASIS OF PREPARATION

The City has reclassified a small number of accounts for comparative purposes. The impact of these reclassifications are considered minor and immaterial and have been made to improve the reporting alignment of the monthly financial report and the annual financial statements.

REPORT PURPOSE

This report is prepared to meet the requirements of *Local Government (Financial Management) Regulations 1996, Regulation 34*. Note: The statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation.

BASIS OF ACCOUNTING

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government (Financial Management) Regulations 1996* take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this financial report. This is not in accordance with the requirements of *AASB 1051 Land Under Roads paragraph 15* and *AASB 116 Property, Plant and Equipment paragraph 7*.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 31 March 2023

SIGNIFICANT ACCOUNTING POLICES

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements.

GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

Other revenue	23,029	11%			No material variance noted.
Expenditure from operating activities					
Employee costs	1,091,317	-5% ▼		Permanent	Variances are exhibited across all components of Employee costs. These variances are likely to persist throughout the remainder of the budget period. This variances can be attributed to: Salaries and wages: Actual \$16.14m vs Budget \$16.71m (↓\$570k or -3.42%), Employee provisions: Actual \$1.86m vs Budget \$2.21m (↓\$353k or -15.95%) & Training and education: Actual \$169k vs Budget \$294k (↓\$125k or -42.52%).
Materials and contracts	2,752,655	-14% ▼		Timing	Materials and contracts expenditure recognised for the period ending 31 Mar FY22/23 is tracking ↑\$1.79m (10.84%) relative to the same period in FY21/22 & ↑\$6.40m (38.72%) relative to the same period in FY20/21. Current underspend against YTD budget is comprised of variances exhibited in 303 budgeted line items. Notable variances are observed in Albany Motorsport Park: Actual \$2.35m vs Budget \$4.33m (↓\$1.98m or -45.68%), Coastal Monitoring Programs: Actual \$73k vs Budget \$348k (↓\$274k or -78.90%) & Recreation Strategic Planning: Actual \$21k vs Budget \$196k (↓\$175k or -89.13%).

NOTE 1 (Continued)

EXPLANATION OF MATERIAL VARIANCES TO YTD BUDGET IN EXCESS OF \$100,000

	Var. \$	Var. %	Var.	Timing/ Permanent	Explanation of Variance
Expenditure from operating activities (continued)					
Utility charges	(90,904)	7%			No material variance noted.
Depreciation on non-current assets	(51,670)	0%			No material variance noted.
Finance costs	(13,901)	8%			No material variance noted.
Insurance expenses	(36,825)	6%			No material variance noted.
Loss on asset disposal	126,310	-65%	▼	Permanent	Variance is in favour of the City & is primarily attributable to the timing of disposals made through the City's plant replacement programs reported under Note 5. Additionally, a buoyant second-hand market for disposed of assets has contributed to lower realised losses to date.
Other expenditure	236,646	-11%	▼	Timing	Other expenditure recognised for the period ending 31 Mar FY22/23 is tracking ↑\$47k (3.82%) relative to the same period in FY21/22. The current variance is predominantly attributable to Operational Seed Funding for Sports Clubs: Actual \$87k vs Budget \$182k (↓\$95k or -51.97%).
Non-cash amounts excluded from operating activities					
Add: Depreciation on assets	51,670	0%			No material variance noted.
Add: Loss on disposal of assets	(126,310)	-65%	▼	Permanent	Variance is in favour of the City & is primarily attributable to the timing of disposals made through the City's plant replacement programs reported under Note 5. Additionally, a buoyant second-hand market for disposed of assets has contributed to lower realised losses to date.
Less: Profit of disposal of assets	(18,344)	125%			No material variance noted.
Movement in Value of Investments	-	0%			No material variance noted.
INVESTING ACTIVITIES					
Non-operating grants, subsidies and contributions	(2,148,501)	-29%	▼	Timing	Income recognition for non-operating grants is directly tied to the achievement of milestones for projects reported in the City's capital works budget under note 5. Reporting variances to budget will exist at various stages throughout the reporting period. Non-operating grant revenue of \$5.21m recognised for the period ending 31 Mar FY22/23 is tracking ↓\$2.12m (-40.69%) relative to the same period in FY21/22.
Proceeds from disposal of assets	(633,715)	-79%	▼	Timing	YTD PPE disposals made in accordance with the City's fleet replacement program are lower than prescribed in the budget. The timing of disposals is largely influenced by the availability of new vehicles & heavy plant, noted global supply shortages in these markets are likely to impact on actual to budget performance throughout the reporting period.

NOTE 1 (Continued)

EXPLANATION OF MATERIAL VARIANCES TO YTD BUDGET IN EXCESS OF \$100,000

	Var. \$	Var. %	Var.	Timing/ Permanent	Explanation of Variance
INVESTING ACTIVITIES (continued)					
Purchase of property, plant and equipment	3,772,266	-46%	▲	Timing / Permanent	Variance is attributable to the timing of expenditure to budget phasing for multiple projects. Several major projects are still in the planning & design phase. Purchasing activity has increased in this space & it is anticipated that project expenditure will gain traction in the coming months. Projects with notable variations to YTD budget include: Heavy Plant Replacement Program: Actual \$1.02 vs Budget \$2.1m (↓\$1.09m or -51.61%), Passenger Vehicle Replacement Program: Actual \$256k vs Budget \$747k (↓\$491k or -65.74%), Kalgan BFB New Facility: Actual \$0 vs Budget \$422k (↓\$422k or -100%) & Surf Lifesaving Club Refurb: Actual \$117k vs Budget \$287k (↓\$170k or -59.24%).
Purchase and construction of infrastructure	13,974,790	-61%	▲	Timing / Permanent	Variance is attributable to the timing of expenditure to budget phasing for projects in all classes of infrastructure. Works have commenced on several core road projects & it is expected that recorded expenditure will begin to increase in-line with project milestones. Projects with notable variations to YTD budget include: Surf Reef: Actual \$0 vs Budget \$3.39m (↓\$3.39m or -100%), Range Road Stage 1A Roundabout: Actual \$20k vs Budget \$1.08m (↓\$1.06m or -97.87%), Albany Highway Asphalt Overlay: Actual \$213k vs Budget \$1.25m (↓\$1.03m or -82.95%) & Barnesby Drive Connection: Actual \$493k vs Budget \$1.17m (↓\$678k or -57.95%).

Interpretive signage and playground equipment still to be finalised.</p> <p>Redmond – playground will be installed late May.</p> <p>Manypeaks – detailed design drawings currently underway. Community is partnering with the City to complete the caravan pull over bay.</p>	

	Redmond also has Drought Funding allocation towards a playground, however, is waiting on a quote from Western Power for their hall metre box upgrade to know what funding is left to put to the playground. Once this is known, the community (and most importantly the children in the community) will be invited to vote on the 'experiences' they would like in the playground. Reserves will then put the playground out to quote, and the community can then vote on the design that they feel will best suit their needs.	Redmond Hall Preparation works to re-seal one of the basketball courts has been completed. Court will be resealed and new basketball hoops installed in near future. Request for tender for playground will be sent out shortly. Community members (focusing on the families and children) will then be invited to vote on which playground they want in their community. Voting will be completed at one of their monthly events to ensure representation from across the community.			
1.5.4 Upgrade Lake Weelara playground in consultation with community, as per agreed action plan for the precinct.	Contractors scheduled to install in June. When installation date confirmed, old playground will be removed.	Playground has been installed. It's popularity has made finishing off the last of the landscaping challenging.	Complete.	Complete	
1.5.5 Support and collaborate with stakeholders to ensure community input into Regional Arts & Culture Strategy.	Final strategy received and endorsed by Project Control Group. CoA will prepare for EMT and Council.	Action complete. Item being presented to Council in October.	Complete.	Complete	
1.5.6 Invite the Youth Advisory Council to participate in discussion and decision-making with Council on issues of importance to them.	Ongoing. YAC will be invited to present to Council on the new Youth Plan and the Inclusivity Logo (subject to EMT approval).	Ongoing Scheduled for presentation to Council in September. This will include a discussion on the review of the City's Climate Action Declaration.	Ongoing YAC spoke at the November OCM in relation to the Inclusivity Logo. The project was developed in partnership with the City and YAC. The review of the Climate Action Declaration will proceed next year.	Ongoing. YAC met with Elected Members in March 2023 to determine updates to the Climate Action Declaration and revisions to the wording. A follow up meeting will be held in May to finalise the review.

CITY OF ALBANY

PERCENT FOR ART DEVELOPER'S GUIDELINES

City of
Albany

BRUCE MUNRO - Field of Light - 2019

CITY OF ALBANY POLICY: HOW IT WORKS

Developers have an important role to play in improving a shared public space. Collaborations with professional artists are critical to the success of public art projects.

The City of Albany adopted Percent forArt guidelines in 2016. Developers are required to contribute to public art in accordance with construction.

The policy currently requires most developments and projects over the value of \$1,500,000 to allocate 1% of the total project cost for the development of new Public Artworks which reflect or enhance local cultural identity.

This contribution will cover:

- Engagement of an art consultant (not to exceed 15% of overall contribution)
- Professional artist fee
- All material costs
- All insurances and installation costs
- Site preparation
- Documentation of the artwork
- Attribution plaque

It is recommended that developers select and work with a professional artist early on in the project to ensure artworks are well located and installed in conjunction with the planning and building requirements.

It is a condition of approval that the artwork is installed prior to the first occupation of the development unless otherwise agreed to by the City of Albany.

CONTRIBUTION OPTIONS

OPTION: 1

Developers choose to co-ordinate and deliver the artwork themselves with the engagement of an art consultant.

OPTION: 2

Developers choose to pay the fee to the City of Albany and they will co-ordinate and deliver the artwork.

DEBORAH CECCARONI – York St laneway – 2015

THE VALUE OF PUBLIC ART: WHY IS IT IMPORTANT?

Free – be open to all ages, genders, language speakers and cultural groups.

It is **available 24/7** and can include both day and night statements.

Can create **community pride**

Photo opportunity for visitors to the region

Revenue raising tool – bringing in visitors specifically to view it

Visual mechanism for **understanding other cultures**, other environments

Connects people to other members of their community – artists to architects, etc.

Values artists as important contributors to our society

Activate under-utilised spaces and redirect flow of pedestrian traffic

Build Cultural Identity – Assist in the development of a unique and specific location

It can provide a **new way of looking** at an old space.

It can **raise awareness** of important issues – such as the environment. This helps build community identity through shared consciousness

Creating **employment opportunities**

Can be **educational** with historical and technical data.

Encourage conversation – both from those that love it and those that hate it.

It can become a **meeting point**

Can provide a **positive impact** on someone's mood

WHAT CAN PUBLIC ART LOOK LIKE?

It does not have to look like your idea of public art – bronze heroes have had a long history (and are very expensive) – Be prepared to try something new – like video projections or suspended sculptures or night lighting statements, etc.

It's not forever – Places don't stay the same so why should art have to be around forever.

Create a community – Be wary of predefining a community – you may be surprised who takes ownership of the space.

Make a Place – create an identity for a site that has previously not had a strong identity. Who in this area will be your main audience?

Quiet solitary moments can have as much strength as bombastic loud statements. A memorial site can still be considered public art.

It can be **so much more than decoration** – Smart urban design is imperative to our local environment – a designer and an artist are not necessarily the same being. They are both important contributors to a public space.

Trust the judgement of artists – they are trained to perceive, and often have years of experience under their belts, even if it is your first time.

Embrace the opportunity to do something different in your world.

Public art is not a way-finder but it has the capacity to affect a space and shape people's perceptions.

Not everybody has to like it – the best conversations can come out of differences of opinion.

CHAD MARWICK – York St laneway – 2016

FORMS OF PUBLIC ART

Public art takes many forms, including (but not limited to) sculpture, painting, installation, multimedia, sound performance or may be integrated into architectural surfaces and landscapes.

The major categories of public art are stand-alone, integrated, applied and installation, though the boundaries between them may overlap.

STAND-ALONE

Describes artworks that are three dimensional and freestanding rather than embedded into the structure of a building or built space. The work may be a singular piece, a series of related works or an installation. Works of this nature have traditionally been associated with permanent materials (such as marble or bronze); however contemporary artists have expanded their practise to include materials such as found objects.

INTEGRATED

Refers to art that is integrated into a building, built space or landscape element. The work has the potential to span both the interior and exterior spaces of the built structure. Integrated artworks may also assist in defining or separating space but is not intended to replace functional or other decorative aspects essential to the overall development design (e.g. seating).

APPLIED

Refers to work that is applied to an interior or exterior surface. This may include commissioned paintings, tapestries and murals.

INSTALLATION

Is when the artwork and the site are integral to each other. The artwork could be comprised of a number of elements but the ensemble may be viewed as a whole. The space may be created with a particular work in mind, or the artists may respond to a given space (e.g. Antony Gormley's 'Inside Australia', Lake Ballard).

DEVELOPMENT APPROVAL PROCESS

The following steps will assist you with the artwork procurement process:

- Development application approved with requirement for public art contribution.
- Request either Contribution Option 1 or 2 for the artwork.
- Consult with the City regarding your ideas and complete an Application for Artwork approval.
- If Option 1 is selected, engage an art consultant to procure the public artwork.
- Decide on the Commissioning process. This can be as an Expression of Interest open to everyone, or from a small selection of invited artists or via a direct artist commission.
- Professional Artist contracted and agreement signed.
- Design Documentation is submitted then approved.
- Approval process with the City is completed. Please note additional planning or building approvals may be required prior to the installation of the artwork.
- Artwork is installed and inspected
- Artwork acknowledgement plaque is installed on or near the artwork citing – Artist's name, year of the commission, artwork title,
- Final information of artwork, maintenance requirements and photo documentation provided to the City for Public Art register.

It will be a condition of planning approval that the artwork be installed prior to the occupation of the development, unless otherwise agreed to by the City.

WHAT ARTWORKS WILL NOT BE APPROVED ?

- Business logos
- Directional elements – signage
- Works not in clear public view
- Mass produced equipment and art objects
- Landscaping elements or architectural elements that would have their own budget allocation
- Artworks which block the flow of pedestrians into business premises
- Artwork that contains content that is considered offensive

ANDREW FRAZER – York St laneway – 2016

ARTIST COMMISSIONING PROCESS

We recommend that an art consultant is used to manage the commissioning process for the artist through to the installation of the artwork. The City can supply you with a list of art consultants if you wish.

Depending on the budget and the timeframe, the consultant will work out the best method to engage a professional artist.

There are three options for the engagement of an artist. These are:

OPEN EXPRESSION OF INTEREST (EOI)

In liaison with the City's Arts and Culture team, the art consultant will advertise an EOI with an artist brief for the project. A small number of artists from the EOI pool will be invited to put forward a full proposal for the brief. The preferred artist will be selected and commissioned.

SHORTLIST

The consultant will invite three or four professional artists to put forward a full proposal for the brief. The preferred artist will be selected and commissioned.

DIRECT COMMISSION

The art consultant in liaison with you, will contact an experienced professional artist directly. (This approach is only used when there is a very specific brief that requires a particular skill set. It is generally used for small budget projects).

CRITERIA FOR COMMISSIONING

The artworks should:

- Reflect a consideration for local infrastructure, culture and the environment.
- Be designed by a Professional Artist (definition on the following page) and be unique.
- Be made from robust materials that are structurally sound.
- Be designed, fabricated and installed to meet relevant safety and longevity requirements.
- Take note of the list of artworks that will not be approved.
- Be completed and installed prior to the first occupation of the new development.

PLAQUE INFORMATION

Once the artwork has been installed, it is a requirement of the developer to create and place a plaque on or near the artwork which contains at least the following information:

Artist name, artwork title (if applicable), materials and year of installation

WHAT IS A PROFESSIONAL ARTIST ?

Professional Artist means a person who meets two or more of the following criteria:

- has a minimum tertiary qualification equivalent to three years full time study in visual arts, or when the brief calls for it, other art forms such as multi-media;
- has an established exhibition history through reputable art galleries that exhibit and sell the work of professional artists;
- has had work purchased by major public and private collections, including the Art Gallery of Western Australia, any university collections, major institutions or Artbank;
- has secured work or public art commissions on the basis of professional expertise;
- is eligible for or has been awarded a government grant;
- is selected for public exhibition, awards, prizes;
- earns more than 50 percent of their income from arts related activities, such as teaching art or design, selling art work or undertaking public art commissions; and
- can produce a referenced folio of works that is of high quality and relevant to the commission.

Policy Objectives

1. To promote cultural identity through the introduction of public art works throughout the City of Albany.
2. To facilitate the development of unique and locally distinctive streets, open spaces and buildings.
3. To improve the quality and attractiveness of the City's built environment by adding to the appearance, vibrancy, character and amenity of developments and their surrounding environment, through use of public art.

Policy Scope

4. The policy is applicable to all private proposals on zoned land under Local Planning Scheme No.1, with the exception of:
 - Permanently occupied residential development such as Single Houses, Grouped Dwellings and Multiple Dwellings without any commercial component.
 - Agricultural land uses such as Agriculture - Intensive, Agriculture – Extensive, Animal Husbandry and Animal Establishment.
 - Infrastructure works (e.g. telecommunications towers, pumping stations)
 - Extractive Industry and Mining
 - Proposals within the General Industry Zone. General Industry

Policy Statement

Proposals Eligible for Percent for Art Contributions

5. Private proposals with a value of \$1,500,000 or above (including GST) are required to allocate up to 1% of the determined project cost for the development of public artwork to reflect or enhance local cultural identity.

Form of Contribution

6. Where a public art contribution is required, the applicant/landowner can choose to either:

Option 1: Coordinate and deliver the artwork themselves (with engagement of art consultants);
or

Option 2: Pay the contribution directly to the City who will coordinate and deliver the artwork.

Method of Determining Percent for Art Contribution

7. To ensure the development value is not underestimated within the development application, the City may request a detailed cost estimate prepared by a quantity surveyor to confirm the stated development cost.
8. The public art contribution shall be capped to a maximum value of \$200,000.

Implementation of Public Art

9. Public Art shall be provided on site or on crown land immediately adjacent the site, in a location approved by the City.
10. It is recommended that the proponent and their selected artists (if applicable) consult with the City's Planning and Building teams early on in the project to ensure artworks are suitably located and installed in conjunction with the relevant planning and building framework.

General Advice: Further detail on the City of Albany Percent for Art program including the Developers Application for Artwork Approval, can be found within the *City of Albany 'Art in the Public Domain Developer's Guidelines'*.

Legislative and Strategic Context

11. The policy operates within the following framework of legislation.

- *Planning and Development Act 2005*
- *Planning and Development (Local Planning Schemes) Regulations 2015*
- *City of Albany Local Planning Scheme No.1.*

Review Position and Date

12. This policy was adopted on [Insert Date]. This policy must be reviewed every two years after a general Local Government election, or earlier if Council considers it necessary.

Associated Documents

13. Related strategies, procedures, references, guidelines or other documents that have a bearing on this policy and that may be useful reference material for users of this policy, follow:

- *City of Albany Art in the Public Domain Developer's Guidelines.*

Definitions

14. **Public Art** refers to the integration of an artistic concept into the public realm. The distinguishing feature of public art is that an artist or artist team is wholly, or partly, responsible for the creation, design and/or fabrication.

15. **Detailed cost estimate** is a breakdown of project scope into smaller unit prices that can be priced individually. It includes costs for the materials, equipment and labour required to complete the project. Adding these components gives you a total project cost.

Purpose

Crown Rights of Way (ROW) that have been vested with the Crown under Section 20 of the *Town Planning and Development Act 1928* (now section 152 of the *Planning & Development Act 2005*) are owned by the State of Western Australia. Their purpose is to provide for future road access and as such, their closure is not generally supported unless a Local Government can demonstrate that this land is no longer required.

The objective of this ROW closure report is to provide an assessment of the identified Crown Right of Way proposed for closure, as per the Western Australian Planning Commission publication – *Procedures for the Closure of Pedestrian Access Ways Planning Guidelines*.

Service providers, the Western Australian Planning Commission, adjoining landowners and other stakeholders are asked to consider the current and future use of this land and provide a response to the City of Albany either in either support of or objection to the proposed ROW closure.

Proposal

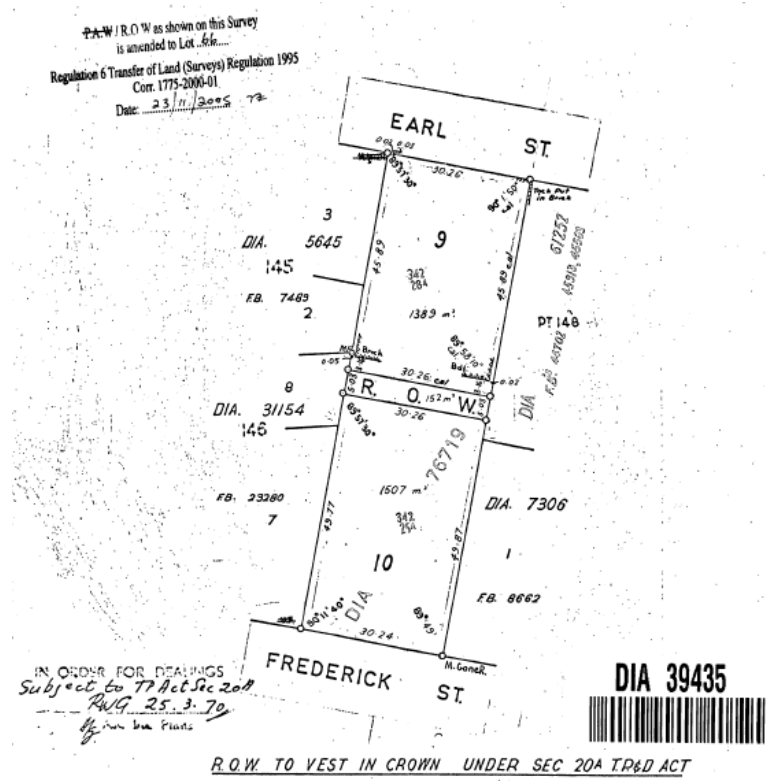

On 5 May 2021, the City of Albany received a formal request from the adjoining landowners of No. 79 (Lot 5) Earl Street to purchase Crown ROW Lot 66 on Diagram 39435. This was informed from previous discussions between the landowner, the Department of Planning Lands & Heritage and the City of Albany, regarding a group dwelling proposal for Lot 5.

Development approval P2180632 was granted in December 2019 for the construction of 13 Grouped Dwellings (two storey townhouses) at 79 Earl Street, with amended plans to the previous approval P2180632 subsequently approved in March 2021. Construction commenced for the development in late 2020. The design of the proposal allows for the ROW to be used as a thoroughfare, to service the townhouse development currently under construction on adjoining Lot 5, to support provision of vehicle access from the rear adjoining development at 70-74 (Lot 101) Frederick Street. The proposed use of the land as a thoroughfare is pending the outcomes of this ROW closure proposal.

In order for the State Government to dispose of Lot 66 to the adjoining Lot 5, the City is required to undertake closure of the ROW, as per section 58 of the *Land Administration Act 1997*.

Right of Way description

Lot 66 on Diagram 39435

Connectivity assessment

1. Physical assessment

Assessment criteria	Comment
Location	Landlocked lot located at the rear of residential property No. 79 (Lot 5) Earl Street, Albany
Design characteristics	Semi-developed 5m x 30m rectangular lot. Gravel pavement with 2 stormwater soak wells installed with a 600mm limestone retaining wall constructed 600mm within the southern boundary of the ROW. Land area of 152m ² . East-west orientated site.
Lighting	None
Level of casual surveillance	Sight lines from adjoining Aberdeen Street and Frederick Street properties. Only accessible through adjoining private land from either Lot 5 Earl Street (north) or Lot 101 Frederick Street (south)
Condition	Under construction
Fencing	Ringlock along the southern boundary adjoining No. 70-74 (Lot 101) Frederick Street
Vegetation	None
Connectivity	None: <ul style="list-style-type: none"> • Landlocked lot, surrounded by land in private ownership • Closure of ROW and proposed conversion to thoroughfare will not result in loss of connectivity to existing or future public amenities within direct proximity to the site
Maintenance	Currently being developed for the passage of vehicles – a use consistent with the current land tenure

Usage assessment – currently inaccessible to the public. Surrounding land is in freehold title with no public services within 100m.

Services – A Water Corporation sewer pipe located within this ROW. An easement to the benefit of Water Corporation for sewage will need to be placed on the Certificate of Title of the amalgamated lot as a condition of the land transfer.

Walkability catchment calculation – 83% i.e. 83 percent of the catchment area is within 5 minutes walk of the ROW.

Planning considerations – the proposed closure of the ROW and conversion to thoroughfare to support vehicle access from Frederick Street to the Grouped Dwelling development currently under construction on Lot 5 Earl Street is supported, as it unlikely to have a detrimental impact on the amenity of the locality and the outcome is consistent with orderly and proper planning principles.

Public Consultation

The proposal to close the Crown ROW was advertised on 3 February 2023 for a period of 35 days with submission close on Friday 10 March 2023. The following table summarises the methods of advertising and the responses received.

Method of advertising	Distribution	Responses	comments
Public notice in The Extra (free newspaper)	Albany, Borden, Bremer Bay, Cranbrook, Denmark, Frankland, Kendenup, Manypeaks, Mt Barker, Narrikup, Tenterden, Walpole	none	
Public notice – City of Albany public comments page	Freely accessible	none	
City of Albany community e-newsletter	1500+ subscribers	none	
Letter to adjoining landowners	9	2	No objections
Email to service providers	Main Roads, Water Corporation, St Johns Ambulance, Telstra, ATCO Gas, Alinta Energy, Western Power, DFES	3	No objections. Water Corporation requested an easement for sewerage over insitu infrastructure

Copies of the submissions received are under Appendix C.

Summary

Lot 66 is a landlocked lot that has been inaccessible to the public since its creation in 1970. The adjoining landowner at Lot 5 (No. 79) Earl Street has upgraded this land as a thoroughfare, as part of the development of Lot 5, which has been supported by the State Government (ROW owner) and is consistent with the current land tenure. Therefore disposal of Lot 66 in its entirety to the adjoining landowner of Lot 5 is recommended.

Hi,

Pursuant to section 58 of the *Land Administration Act 1997*, the City of Albany intends to permanently close a Crown Right of Way (ROW), see ROW closure report attached.

At the request of the adjoining landowner, the whole of the ROW will be amalgamated with their land.

Hi,

Pursuant to section 58 of the *Land Administration Act 1997*, the City of Albany intends to permanently close a Crown Right of Way (ROW), see ROW closure report attached.
 At the request of the adjoining landowner, the whole of the ROW will be amalgamated with their land.
 Should you wish to provide comment on the proposal, submissions close Friday 3pm 10 March 2023.

I look forward to your reply,

Good afternoon Atlanta,

Thank you for your email with regards to the amalgamation of the ROW into Lot 5 Earl St, Albany.

Please be advised that the Water Corporation require easements to be secured for the purpose of protecting assets.

I have reviewed the attached report and the Water Corporation would require a 4m wide easement to be located centrally over the sewer main located within the ROW.

Please don't hesitate to contact me on the details below should you have any queries.

Kind Regards,

Hi Atlanta,

On behalf of the owners of Frederick House, they are in agreeance of the closure of ROW and the sale to the owners of 79 Earl Street.

Can you please confirm when this has been finalised as I will then pass onto my owners of Frederick House.

Many thanks.

Kind regards,
