Description: PETITION LOT 660 LA PAROUSE RD GOODE BEACH

1,344 SIGNATURES.

Deliver to REC CEO Customer Service Officer: B

Mr Andrew Sharpe  
CEO  
City of Albany  
PO Box 484  
Albany 6331

14<sup>th</sup> February 2018

Dear Mr Sharpe,

Attached is a signed petition opposing the proposed Ahola Tourist Development on Lot 660, La Perouse Rd, Goode Beach.

1,344 signatures were collected during a one month period 'officially' commencing on 13<sup>th</sup> January 2018. This petition was offered to people in public places, as well as through more personal contacts.

911 electors of Albany signed the white sheet (for locals), together with 433 citizens of other areas. 'Non-locals' included people from close locations, such as Denmark and Mt Barker, together with a large number of other West Australians. International tourists and visitors from Canada, France, China, Germany, UK, etc. also featured.

When shown the location of the proposed development less than 50m from the beach and so close to a unique and historically significant lake, most people were dismayed. Once aware of the facts; including the threats to fauna, and the risk of serious beach erosion through dune destruction, people were eager to sign.

We trust you will convey this petition and its message to the City Councillors and relevant Planning Officers.

Please note that the white sheets are originals; the blue sheets (of non-locals) are photocopies. The original blue sheets, together with photocopies of the white sheets (from Albany electors), will be delivered to Ms Gail McGowan, Director General, Department of Planning,

Yours sincerely,

Warren Flynn

 Ms Gail McGowan, Director General, Department of Planning, Lands and Heritage. Locked Bag 2506, Perth 6601

We, the undersigned, oppose the Local Structure Plan 9 Goode Beach for the (Ahola) tourist resort development on Lot 660 La Perouse Road, Goode Beach. The wetlands surrounding and including Lake Vancouver and coastal dunes have high conservation values, including threatened species and are an integral portion of an area of significant historic and Aboriginal importance. The destruction of the coastal dunes and vegetation required for the proposed resort is likely to accelerate significant beach erosion on this pristine and fragile location.

We respectfully request that the City of Albany and The Western Australian Planning Commission reject Local Structure Plan 9 for Lot 660, Goode Beach, Albany.

We, the undersigned, oppose the Local Structure Plan 9 Goode Beach for the (Aholo) tourist resort development on Lot 660 La Perouse Road, Goode Beach. The wetlands surrounding and including Lake Vancouver and coastal dunes have high conservation values, including threatened species and are an integral portion of an area of significant historic and Aboriginal importance. The destruction of the coastal dunes and vegetation required for the proposed resort is likely to accelerate significant beach erosion on this pristine and fragile location.

We respectfully request that the City of Albany and The Western Australian Planning Commission reject Local Structure Plan 9 for Lot 660, Goode Beach, Albany.

 Ms Gail McGowan, Director General, Department of Planning, Lands and Heritage. Locked Bag 2506, Perth 6601

We, the undersigned, oppose the Local Structure Plan 9 Goode Beach for the (Ahola) tourist resort development on Lot 660 La Perouse Road, Goode Beach. The wetlands surrounding and including Lake Vancouver and coastal dunes have high conservation values, including threatened species and are an integral portion of an area of significant historic and Aboriginal importance. The destruction of the coastal dunes and vegetation required for the proposed resort is likely to accelerate significant beach erosion on this pristine and fragile location.

We respectfully request that the City of Albany and The Western Australian Planning Commission reject Local Structure Plan 9 for Lot 660, Goode Beach, Albany.

**PETITION**from NON-ALBANY CITIZENS e.g. Mt Barker, Denmark, Kojoonup, Perth, Singapore, etc..

To: Mr Andrew Sharpe, CEO City of Albany. PO Box 484, Albany, WA 6331. 102 North Rd Yakamia, WA 6331.  
 Ms Gail McGowan, Director General, Department of Planning, Lands and Heritage. Locked Bag 2506, Perth 6601

We, the undersigned, oppose the Local Structure Plan 9 Goode Beach for the (Ahola) tourist resort development on Lot 660 La Perouse Road, Goode Beach. The wetlands surrounding and including Lake Vancouver and coastal dunes have high conservation values, including threatened species and are an integral portion of an area of significant historic and Aboriginal importance. The destruction of the coastal dunes and vegetation required for the proposed resort is likely to accelerate significant beach erosion on this pristine and fragile location.

We respectfully request that the City of Albany and The Western Australian Planning Commission reject Local Structure Plan 9 for Lot 660, Goode Beach, Albany.

We, the undersigned, oppose the Local Structure Plan 9 Goode Beach for the (Ahola) tourist resort development on Lot 660 La Perouse Road, Goode Beach. The wetlands surrounding and including Lake Vancouver and coastal dunes have high conservation values, including threatened species and are an integral portion of an area of significant historic and Aboriginal importance. The destruction of the coastal dunes and vegetation required for the proposed resort is likely to accelerate significant beach erosion on this pristine and fragile location.

We respectfully request that the City of Albany and The Western Australian Planning Commission reject Local Structure Plan 9 for Lot 660, Goode Beach, Albany.

Ms Gail McGowan, Director General, Department of Planning, Lands and Heritage. Locked Bag 2506, Perth 6601

We, the undersigned, oppose the Local Structure Plan 9 Goode Beach for the (Aholu) tourist resort development on Lot 660 La Perouse Road, Goode Beach. The wetlands surrounding and including Lake Vancouver and coastal dunes have high conservation values, including threatened species and are an integral portion of an area of significant historic and Aboriginal importance. The destruction of the coastal dunes and vegetation required for the proposed resort is likely to accelerate significant beach erosion on this pristine and fragile location.

We respectfully request that the City of Albany and The Western Australian Planning Commission reject Local Structure Plan 9 for Lot 660, Goode Beach, Albany.

**PETITION**

To: Mr Andrew Sharpe, CEO City of Albany. PO Box 484, Albany, WA 6331. 102 North Rd Yakamia, WA 6331.  
Ms Gail McGowan, Director General, Department of Planning, Lands and Heritage. Locked Bag 2506, Perth 6601

We, the undersigned, oppose the Local Structure Plan 9 Goode Beach for the (Ahola) tourist resort development on Lot 660 La Perouse Road, Goode Beach. The wetlands surrounding and including Lake Vancouver and coastal dunes have high conservation values, including threatened species and are an integral portion of an area of significant historic and Aboriginal importance. The destruction of the coastal dunes and vegetation required for the proposed resort is likely to accelerate significant beach erosion on this pristine and fragile location.

We respectfully request that the City of Albany and The Western Australian Planning Commission reject Local Structure Plan 9 for Lot 660, Goode Beach, Albany.

We, the undersigned, oppose the Local Structure Plan 9 Goode Beach for the (Ahola) tourist resort development on Lot 660 La Perouse Road, Goode Beach. The wetlands surrounding and including Lake Vancouver and coastal dunes have high conservation values, including threatened species and are an integral portion of an area of significant historic and Aboriginal importance. The destruction of the coastal dunes and vegetation required for the proposed resort is likely to accelerate significant beach erosion on this pristine and fragile location.

We respectfully request that the City of Albany and The Western Australian Planning Commission reject Local Structure Plan 9 for Lot 660, Goode Beach, Albany.

**PETITION**

To: Mr Andrew Sharpe, CEO City of Albany. PO Box 484, Albany, WA 6331. 102 North Rd Yakamia, WA 6331.  
Ms Gail McGowan, Director General, Department of Planning, Lands and Heritage. Locked Bag 2506, Perth 6601

We, the undersigned, oppose the Local Structure Plan 9 Goode Beach for the (Ahola) tourist resort development on Lot 660 La Perouse Road, Goode Beach. The wetlands surrounding and including Lake Vancouver and coastal dunes have high conservation values, including threatened species and are an integral portion of an area of significant historic and Aboriginal importance. The destruction of the coastal dunes and vegetation required for the proposed resort is likely to accelerate significant beach erosion on this pristine and fragile location.

We respectfully request that the City of Albany and The Western Australian Planning Commission reject Local Structure Plan 9 for Lot 660, Goode Beach, Albany.

**PETITION**

To: Mr Andrew Sharpe, CEO City of Albany. PO Box 484, Albany, WA 6331. 102 North Rd Yakamia, WA 6331.  
Ms Gail McGowan, Director General, Department of Planning, Lands and Heritage. Locked Bag 2506, Perth 6601

We, the undersigned, oppose the Local Structure Plan 9 Goode Beach for the (Ahola) tourist resort development on Lot 660 La Perouse Road, Goode Beach. The wetlands surrounding and including Lake Vancouver and coastal dunes have high conservation values, including threatened species and are an integral portion of an area of significant historic and Aboriginal importance. The destruction of the coastal dunes and vegetation required for the proposed resort is likely to accelerate significant beach erosion on this pristine and fragile location.

We respectfully request that the City of Albany and The Western Australian Planning Commission reject Local Structure Plan 9 for Lot 660, Goode Beach, Albany.

Ms Gail McGowan, Director General, Department of Planning, Lands and Heritage. Locked Bag 2506, Perth 6601

We, the undersigned, oppose the Local Structure Plan 9 Goode Beach for the (Ahola) tourist resort development on Lot 660 La Perouse Road, Goode Beach. The wetlands surrounding and including Lake Vancouver and coastal dunes have high conservation values, including threatened species and are an integral portion of an area of significant historic and Aboriginal importance. The destruction of the coastal dunes and vegetation required for the proposed resort is likely to accelerate significant beach erosion on this pristine and fragile location.

We respectfully request that the City of Albany and The Western Australian Planning Commission reject Local Structure Plan 9 for Lot 660, Goode Beach, Albany.

## PETITION

To: Mr Andrew Sharpe, CEO City of Albany. PO Box 484, Albany, WA 6331. 102 North Rd Yakamia, WA 6331.  
Ms Gail McGowan, Director General, Department of Planning, Lands and Heritage. Locked Bag 2506, Perth 6601

We, the undersigned, oppose the Local Structure Plan 9 Goode Beach for the (Ahola) tourist resort development on Lot 660 La Perouse Road, Goode Beach. The wetlands surrounding and including Lake Vancouver and coastal dunes have high conservation values, including threatened species and are an integral portion of an area of significant historic and Aboriginal importance. The destruction of the coastal dunes and vegetation required for the proposed resort is likely to accelerate significant beach erosion on this pristine and fragile location.

We respectfully request that the City of Albany and The Western Australian Planning Commission reject Local Structure Plan 9 for Lot 660, Goode Beach, Albany.

We, the undersigned, oppose the Local Structure Plan 9 Goode Beach for the (Ahola) tourist resort development on Lot 660 La Perouse Road, Goode Beach. The wetlands surrounding and including Lake Vancouver and coastal dunes have high conservation values, including threatened species and are an integral portion of an area of significant historic and Aboriginal importance. The destruction of the coastal dunes and vegetation required for the proposed resort is likely to accelerate significant beach erosion on this pristine and fragile location.

We respectfully request that the City of Albany and The Western Australian Planning Commission reject Local Structure Plan 9 for Lot 660, Goode Beach, Albany.

We, the undersigned, oppose the Local Structure Plan 9 Goode Beach for the (Ahola) tourist resort development on Lot 660 La Perouse Road, Goode Beach. The wetlands surrounding and including Lake Vancouver and coastal dunes have high conservation values, including threatened species and are an integral portion of an area of significant historic and Aboriginal importance. The destruction of the coastal dunes and vegetation required for the proposed resort is likely to accelerate significant beach erosion on this pristine and fragile location.

We respectfully request that the City of Albany and The Western Australian Planning Commission reject Local Structure Plan 9 for Lot 660, Goode Beach, Albany.

Good Afternoon Rebecca,

Does your Mayor choose which day he will come to our city of Peronne?  
It's important for us to know if the city of Albany will be present during the official ceremonies in 2018?

Best regards,

David.

Hello,

Ideally, the Mayor of Albany should be present in Péronne on September 1 and 2.  
Arrival 31 August in the evening, and departure 3 September morning?

Sincerely,

**David de Sousa,**

Good Afternoon David,

Thank you for your email and kind offer to arrange accommodation for the Mayor.

Are you able to advise the best time and dates for the Mayor to visit City of Péronne?

Your guidance is much appreciate.

Kind regards,

Dear Rebecca,

Even if our program includes some 20 cultural events, I think our inhabitants will be particularly sensitive to the presence of an Australian delegation from Albany on the day of the official ceremony on 2 September 2018.

The City of Péronne will take charge of the accommodation of your delegation on Péronne, and can also provide local transport if needed. Just tell us when the delegation will arrive and how many people will be composed it.

I remain at your disposal for any other information.

Sincerely,

Good Afternoon David,

Thank you for your email.

Would you recommend the Mayor comes over for the Ceremony 2 September, 2017? If so how long should he stay?

I need to prepare a report for our Council to approve his travel?

Many thanks for your assistance.

Bonjour Rebecca,

Je ne sais pas quels sont les choix de la ville d'Albany pour la venue de représentants à Péronne en 2018.

Dans un email du 31/01/2017, vous nous disiez que le maire nous répondrait après les vacances de début d'année.

Pour vous aidez dans votre réflexion, voici un calendrier détaillé des manifestations prévues pour 2018 à Péronne. Ce programme prévisionnel s'enrichira probablement d'autres dates bientôt. La cérémonie officielle avec la population est toujours programmée le 2 septembre en fin d'après-midi.

Calendrier prévisionnel :

## Civic Affiliations Policy

### Objective

To guide elected members, staff and the community on the establishment and operation of civic affiliations such as sister cities and friendship agreements.

### Policy Statements

Council desires to maintain a small number of active civic relationships based upon the benefits that may accrue, including trade, tourism, and cultural, educational and sporting activities.

Council considers that the abovementioned benefits can principally be achieved by facilitating:

- Trade, cultural, educational, tourism and sporting exchanges; and
- Periodic official visits.

**(a) Level of Council Involvement:** Council will foster its affiliations in the following ways:

- Subject to prior Council approval, one visit to each endorsed affiliate in every four year Mayoral term provided that the relationship is active and reciprocal.
- The composition of the delegation is subject to Council approval upon recommendation of the Mayor; and it will be led by the Mayor.
- Partners of delegates must travel at their own expense.
- Subject to CEO approval and sufficient provision in the budget, visiting officials of affiliated cities will be afforded reciprocal hospitality including accommodation, civic events and receptions and district tours and visits.

**(b) Criteria for the Establishment of new Civic Affiliations:** There must be tangible and sustainable benefits demonstrated in order for Council to commit to a new civic affiliation. These should include but not be limited to:

- Trade links between the two countries; preference being given to cities in countries where Australia has a free trade agreement or a proven trade record.
- Cultural links between the two countries; preference being given to cities in countries where Council determines that the City would benefit from a greater awareness and appreciation of that country's traditions and customs.
- Sporting links between the two countries; preference being given to cities in countries where Australia has existing sporting links through national sporting federations.
- Tourism links between the two countries; preference being given to cities in countries who are major sources of visitors to Australia or who provide a potential market for local tourism operators.
- Education links between the two countries; preference being given to cities in countries that have existing educational exchange programmes or who provide a potential market for local educational institutions.

(c) **Endorsed Civic Affiliations:** Council has five active affiliations to which it is a signatory, being:

- **Nichinan (Japan)** - A 'Synergetic & Friendship Agreements' based on the export of blue gum plantation woodchips was signed in 1998. The City of Albany, Albany Port Authority and Albany Chamber of Commerce and Industry are joint signatories to this agreement. In 2010, in recognition of the ongoing important economic and cultural affiliation and exchanges the Synergetic Agreement was complimented by a Friendship Agreement.
- **Tomioka (Japan)** – A 'Friendship Agreement' based on a strong and continuing school student exchange program was signed in Albany on 1 February 2001 with a reciprocal signing ceremony in Tomioka in 2004.
- **Gallipoli (Turkey)** – A 'Friendship Agreement' based on Albany's ANZAC military heritage was signed in Albany on 25 April 2003 and reciprocated in Gallipoli on 25 April 2005.
- **Peronne (France)** - A 'Friendship Agreement' based on Albany's ANZAC military heritage was signed in Peronne on 1 November 2008.
- **Linyi (People's Republic of China)** – A "Friendly Co-Operative Relationship Agreement" was signed on the 16 July 2014, based on actively promoting economic and trade cooperation in accordance with the principles of mutual benefit in the fields of trade, investment, technology and environmental protection.

### Scope

The policy relates to all forms of civic affiliations to which different names have been assigned. The agreements can be between cities or towns within Australia or overseas.

### Legislative and Strategic Context

This item relates to the following elements of the City of Albany Strategic Community Plan and Corporate Business Plan:

- **Key Theme:** Smart, Prosperous & Growing
- **Strategic Objectives:**
  - To strengthen our region's economic base.
  - To develop and promote Albany as a unique and sought after visitor location.
- **Strategy:**
  - Strengthen our economy by supporting business innovation and diversity.
  - Promote the Albany region as a sought after and iconic tourism destination..

### Review Position and Date

This policy and procedure is to be reviewed by the document owner every two years.

### Definitions

Key terms and acronyms used in the policy, and their definitions:

- **Civic Affiliations:** A generic term used to describe any formal agreement between two cities to foster mutual exchange. It is sometimes referred to as a 'sister city', 'friendship agreement', a 'twinning' arrangement or a charter of mutual agreement.

## Waste Management Working Group

### TERMS OF REFERENCE

#### Background

During the course of the next 10 years the City of Albany will need to make strategic decisions and undertake large capital infrastructure projects in the area of waste services which will ultimately shape the way the City will dispose of its waste until 2065 and possibly beyond.

The major projects to be delivered during this period will be the decommissioning of the Hanrahan landfill and the siting and construction of an alternative waste facility to take its place.

These projects will require a significant capital investment from the City and intensive community consultation over a period of time that will span several Councils. It will be imperative that with projects of this nature Council is well informed and supportive of the decisions made.

The formation of a working group made up of elected members and City officers will ensure that Council has ownership and a confident understanding of future waste developments.

**PLANNING AND DEVELOPMENT ACT 2005****RESOLUTION TO PREPARE AMENDMENT  
TO LOCAL PLANNING SCHEME****LOCAL PLANNING SCHEME NO. 1  
AMENDMENT NO. 29**

Resolved that the Local Government pursuant to section 75 of the *Planning and Development Act 2005*, prepare the above Local Planning Scheme by:

1. Removing provisions, terms and definitions from *Local Planning Scheme No.1* that are superseded by the 'Deemed' provisions contained in the *Planning and Development (Local Planning Schemes) Regulations 2015*;
2. Introducing supplemental provisions to the 'Deemed' provisions;
3. Replacing and introducing new provisions consistent with the 'Model' provisions contained in the *Planning and Development (Local Planning Schemes) Regulations 2015*;
4. Rezoning various land parcels not included in error at the time of gazettal of the scheme; and
5. Changing the permissibility's in the zoning table for various use and development classes.

Note: The amendment is a standard amendment in accordance with part (a), (b), (e) and (f) of the standard amendment definition contained in Regulation 34 of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

Dated this \_\_\_\_\_ day of \_\_\_\_\_ 20\_\_

(Chief Executive Officer)

## 1. INTRODUCTION

This amendment seeks to alter various parts of the *Local Planning Scheme No. 1* text and mapping to:

- (a) Remove any duplication of the 'deemed' provisions outlined in Schedule 2 of the *Local Planning (Local Planning Schemes) Regulations 2015*;
- (b) Include any proposed supplemental 'deemed' provisions within a 'Schedule A Supplemental provisions to the 'deemed' provisions' and include this within the scheme text;
- (c) Align the structure and content of the City's scheme with the 'model' provisions outlined in Schedule 1 of the *Local Planning (Local Planning Schemes) Regulations 2015*;
- (d) Rezone various land parcels not included in error at the time of gazettal of the scheme; and
- (e) Change the permissibility's in the zoning table for various use and development classes.

The new "deemed provisions" and "model provisions" under the *Planning and Development (Local Planning Schemes) Regulations 2015* (WA) (Regulations) came into force on 25 August 2015.

As a consequence of section 257B of the *Planning and Development Act 2005* (WA), the deemed provisions in Schedule 2 of the Regulations are now taken to be built into every local planning scheme in the State. To the extent that a local planning scheme is inconsistent with the deemed provisions, the deemed provisions are taken to prevail.

The model provisions provide a template for schemes. It is expected that local government planners and industry review or amend their local planning scheme to align with the model provisions.

Since the scheme gazettal on 28 April 2014, various errors and anomalies have been documented in *Local Planning Scheme No. 1*. While many of these are simple typographical errors, some have more significant implications, such as zoning changes that have reduced development potential for some landowners.

The City of Albany seeks the support of the Western Australian Planning Commission (WAPC) and the approval of the Hon. Minister for Planning to amend the *City of Albany Local Planning Scheme No. 1* (LPS1).

## 2. LOCAL PLANNING CONTEXT

### a) **State & Regional Planning Context**

The Planning and Development (Local Planning Schemes) Regulations 2015 came into force on 25 August 2015 to introduce 'model' and 'deemed' provisions. The 'model' provisions provide a template for schemes. Local Governments are required to include the 'model' provisions within their scheme(s). The 'deemed' provisions are taken to be built into every local planning scheme in the State. To the extent that a local planning scheme is inconsistent with the 'deemed' provisions, the 'deemed' provisions are taken to prevail. It is expected that local

government planners prepare their local planning scheme to align with the 'deemed' provisions.

**b) Local Planning Strategy**

The amendment is in keeping with the City's Local Planning Strategy 2010.

**c) Local Planning Policies**

The amendment is in keeping with Local and State Planning Policy.

### **3. PROPOSAL**

The amendment seeks to bring about greater consistency with model and deemed provisions of the *Local Planning (Local Planning Schemes) Regulations 2015*. In particular, the Amendment:

- Removes provisions, terms and definitions from *Local Planning Scheme No.1* that are superseded by the Regulations;
- Replaces and introduces new provisions consistent with the model provisions; and
- Introduces supplemental provisions to the Deemed provisions.

The amendment also seeks to correct identified anomalies and errors in the Local Planning Scheme No.1 text, zoning table and mapping. In particular the Amendment No.29 proposes to:

- (a) Rezone Lot 5 Chester Pass Road, Warrenup from the General Agriculture zone to the Light Industry zone on Map 20 to correct a mapping error. Lot 5 was zoned Light Industry under former *Town Planning Scheme No. 3* and was rezoned to General Agriculture in *Local Planning Scheme No. 1* in error. As the lot is still occupied by a business and the zoning change has removed potential commercial development rights, it has been determined that the Light Industry zoning should be reinstated.
- (b) Rezone Lot 21 Albany Highway, Centennial Park from the 'Hotel/Motel' zone to the 'Highway Commercial' zone on Map 21 to correct a mapping error. Lot 21 was zoned Residential under former Town Planning Scheme No. 1A and was rezoned to Hotel/Motel in Local Planning Scheme No. 1 in error. As the lot is still occupied by an approved, non-conforming Veterinary Centre, the zoning change has impacted the potential for it to be developed. It has been determined that the Highway Commercial zone would be more suited to the existing development and approved use of the land as a Veterinary Centre.
- (c) Rezone Lot 304 Pioneer Road, Centennial Park from the Hotel/Motel zone to the Residential zone on Map 21 to correct a mapping error. Lot 304 was zoned Tourist Residential under former Town Planning Scheme No. 3 and was rezoned to Hotel/Motel in Local Planning Scheme No. 1 in error. As this change does not reflect the current use of the lot as an Aged Persons' Village and would preclude its planned expansion, it has been determined that the Residential zone should be applied.

- (d) Modify the Water Corporation Wastewater Treatment Plant Odour Buffer Special Control Area boundary around the Timewell Road Wastewater Treatment Plant on Map 21. The Water Corporation Wastewater Treatment Plant Odour Buffer Special Control Area boundary currently encompasses the residence on Lot 250 Lancaster Road McKail, which resulted from the Special Control Area boundary being modified in accordance with the recommendations of the Water Corporation during the review of the Albany Local Planning Scheme. The former owners of Lot 250 contacted the City of Albany with concerns about this situation and were referred to the Water Corporation as the responsible authority. After protracted discussions between the former owners and the Water Corporation, a meeting was organised between those parties, along with representatives from the City of Albany and a representative from the office of the Minister for Water. It was acknowledged by the Water Corporation that the inclusion of the residence on Lot 250 within the Special Control Area boundary was an 'unintended consequence' of the expansion of the Wastewater Treatment Plant Odour Buffer, in line with the recommendations of an odour modelling report prepared in March 2009. The Water Corporation advised that if the City was not opposed, it could realign the Special Control Area boundary to excise the residence on Lot 250.
- (e) Modify the Industrial Area IA3 boundary around the Milpara Light Industrial Estate, John Street and Morris Road, Milpara on Map 21 to correct a mapping error and to correspond with the Scheme text. Industrial Area IA3 applies to Lots 870, 876 and 877 John Street and Lots 873, 874 and 875 Morris Road but not Lots 410, 411, 868, 869 and 871 Chester Pass Road, which have been included within the Industrial Area boundary in error.
- (f) Rezone a portion of Lot 26 Shell Bay Road, Lower King from the Parks and Recreation local scheme reserve to the Residential zone with the R5 residential density code on Map 22 to correct a mapping error. Lot 26 was zoned Rural under former Town Planning Scheme No. 3 and was rezoned to the Parks and Recreation local scheme reserve in Local Planning Scheme No. 1 in error. Although much of the lot extends across a portion of the King River foreshore, including a large tidal wetland area, this zoning change did not reflect the fact that approximately 5800m<sup>2</sup> of the lot is developed with a single house, outbuilding and garden ground. On this basis, it has been determined that the developed portion of the lot should be rezoned to the Residential zone with the R5 residential density coding, which is consistent with the adjoining lots to the north.
- (g) Rezone Lot 6906 Nind Street, Spencer Park from the Parks and Recreation local scheme reserve with the R80C residential density code to the Public Use:

Community purpose local scheme reserve with the R80C residential density code on Map 23 to correct a mapping error. Lot 6906 was zoned Private Clubs and Institutions under former Town Planning Scheme No. 1A and was rezoned to the Parks and Recreation local scheme reserve in Local Planning Scheme No. 1 in error. As Crown Land vested in the City of Albany for Community Purposes and currently used for a Community Purpose and as an Educational Establishment, it has been determined that the Public Use: Community Purpose local scheme reserve would be a more appropriate designation. The R80C density code is a result of the lot's inclusion within the Spencer Park Improvement Special Control Area and should be retained.

- (h) Rezone Lot 350 Shelley Beach Road, Kronkup from the General Agriculture and Rural Residential zones to the Clubs and Institutions zone on Maps 29 and 30 to correct a mapping error. Lot 350 was zoned Private Clubs and Institutions and Rural Residential under former Town Planning Scheme No. 3; however, the Private Clubs and Institutions zoned portion was rezoned to the General Agriculture zone in Local Planning Scheme No. 1 in error. As this change does not reflect the current use of the lot as an Educational Establishment and could preclude its future expansion, it has been determined that the Clubs and Institutions zone should be reinstated and expanded to encompass the entire lot.

#### **4. CONCLUSION**

The amendment is in keeping with proposes to bring about greater consistency with model and deemed provisions of the *Local Planning (Local Planning Schemes) Regulations 2015* and to correct identified anomalies and errors.

The support of the WAPC and the approval of the Minister for Planning are respectfully requested.

Dear Jan

**Modification to Water Corporation Waste Water Treatment Plant Odour Buffer Special Control Area**

Further to our meeting on 13<sup>th</sup> August 2015 in relation to the odour buffer impacting the Perry's property at lot 255 Lancaster Road, please find attached a copy of the modified odour buffer for the Albany Wastewater Treatment Plant.

The modification only impacts the north west section of the existing odour buffer.

As discussed, we request that the Council include the modification be included in the next omnibus amendment to the town planning scheme.

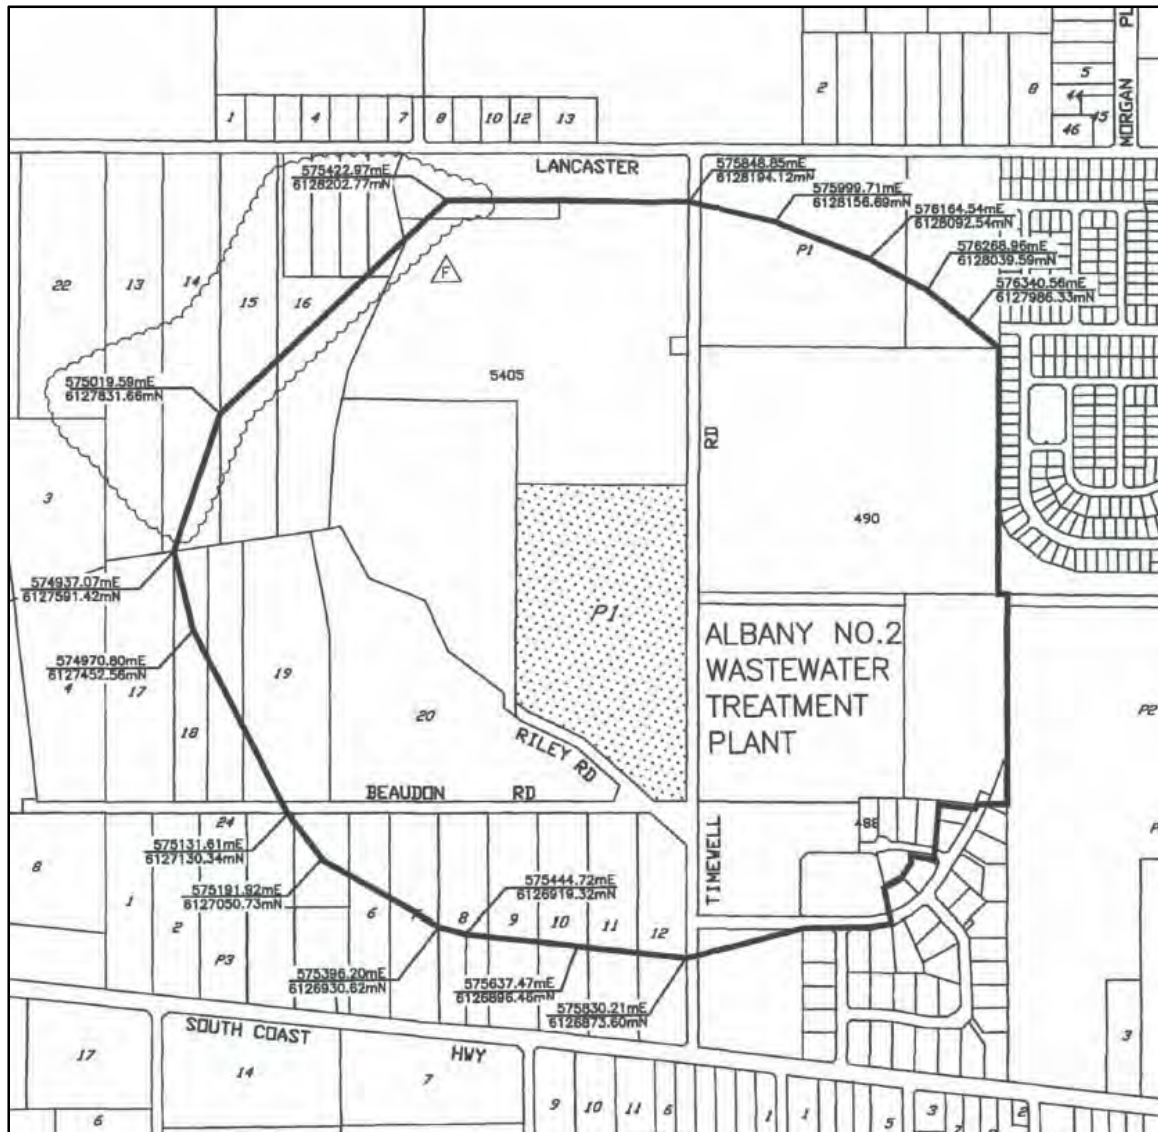

Please do not hesitate to contact Ian Kininmonth if you require any further information.

Yours sincerely

|      |  | <p>concerns about this situation and were referred to the Water Corporation as the responsible authority.</p> <p>After protracted discussions between the former owners and the Water Corporation, a meeting was organised between those parties, along with representatives from the City of Albany and a representative from the office of the Minister for Water. It was acknowledged by the Water Corporation that the inclusion of the residence on Lot 250 within the Special Control Area boundary was an 'unintended consequence' of the expansion of the Wastewater Treatment Plant Odour Buffer, in line with the recommendations of an odour modelling report prepared in March 2009. The Water Corporation advised that if the City was not opposed, it could realign the Special Control Area boundary to excise the residence on Lot 250. This was confirmed in a letter from the Minister for Water, dated 17 September 2015 (see Appendix 1) and a subsequent letter from the Water Corporation Manager Development Services, dated 22 October 2015 (see Appendix 2).</p>  |

Although much of the lot extends across a portion of the King River foreshore, including a large tidal wetland area, this zoning change did not reflect the fact that approximately 5800m<sup>2</sup> of the lot is developed with a single house, outbuilding and garden ground. On this basis, it has been determined that the developed portion of the lot should be rezoned to the Residential zone with the R5 residential density coding, which is consistent with the adjoining lots to the north.</p> |

| 9. | Large Format Retail Association | <p>The Large Format Retail Association recommended that the following four (4) modifications are made to the Amendment No.29:</p> <p>1. <i>Replicate all model terms and definitions contained in 'Schedule 1 Part 6' of the 'Planning and Development (Local Planning Schemes) Regulations 2015' within 'Schedule 1 of LPS1'.</i></p> <p>Uphold in part.</p> <p>It is recommended that the Council agree to replicate model terms and definitions contained in 'Schedule 1 Part 6' of the <i>Planning and Development (Local Planning Schemes) Regulations 2015</i> within Schedule 1 of the City's Local Planning Scheme No.1. The exception to this <del>is</del> <b>are</b> the definitions <i>'Bulky Goods Showroom', 'Convenience Store' and 'Warehouse/storage'.</i></p> <p>The model scheme definitions for <i>'Bulky Goods Showroom', 'Convenience Store' and 'Warehouse/storage', includes a number of uses in addition to uses currently included in the 'Showroom' definition</i> could create unintended consequences to the implementation of the City's scheme. The <del>additional-uses</del> definition change for "bulky good showroom" could have particular <del>unforeseen</del> detrimental impacts on retail in the "Regional centre zone". The other two definitions have remained unchanged to avoid unforeseen impacts in the zones where they can be considered. These changes are therefore beyond the scope of the current amendment that is focused on low impact changes and fixing anomalies within the scheme.</p> <p>It is recommended that the following proposed scheme amendment, contained in the 'Amendment Schedule' at number 23 is deleted:</p> <p><del>Amend text at old clause 1.7.2 by inserting the following text after the word and number 'Schedule 1'; " , Part 6 of the Planning and Development (Local Planning Schemes) Regulations 2015".</del></p> <p>2. <i>Delete any existing defined words and expressions from 'Schedule 1 of LPS1' which duplicate or contradict the model terms and definitions contained in 'Schedule 1 Part 6' of the 'Planning and Development (Local Planning Schemes) Regulations 2015'. This should specifically include deletion of the 'Showroom' land use definition currently contained in 'Schedule 1 of LPS1'.</i></p> <p>Uphold in part.</p> <p>It is recommended that the Council agree to delete existing defined words and expressions from 'Schedule 1 of LPS1' which duplicate or contradict the model terms and definitions contained in 'Schedule 1 Part 6' of the <i>'Planning and Development (Local Planning Schemes) Regulations 2015'</i>. The exception to this <del>is</del> <b>are</b> the definitions <i>'Showroom', 'Convenience Store' and 'Warehouse'.</i></p> <p>Changes to LPS1 to include the <i>'Bulky Goods Showroom', 'Convenience Store', 'Warehouse/storage' and including 'Trade supplies' use-and-definitions</i> can be considered in a future scheme amendment, after consultation and due consideration.</p> |

It is recommended that the proposed scheme amendment, contained in the 'Amendment Schedule' at number 129 is modified to read as follows:

Amend the text at schedule 1 by ~~deleting~~ replacing the following definitions, ~~which are contained in the~~ with Model provisions definitions:

**“advertisement** means any word, letter, model, sign, placard, board, notice, device or representation, whether illuminated or not, in the nature of, and employed wholly or partly for the purposes of, advertisement, announcement or direction, and includes any hoarding or similar structure used, or adapted for use, for the display of advertisements. The term includes any airborne device anchored to any land or building and any vehicle or trailer or other similar object placed or located so as to serve the purpose of advertising;

**amenity** means all those factors which combine to form the character of an area and include the present and likely future amenity;

**building envelope** means an area of land within a lot marked on a plan approved by the responsible authority within which all buildings and effluent disposal facilities on the lot must be contained;

**CEO** means the Chief Executive Officer of the City of Albany;

**commercial vehicle** means any vehicle whether licensed or not and which is used or designed for use for or in conjunction with any business, trade or other commercial purpose and shall include any utility, van truck, trailer, tractor, agricultural implement, bus, earthmoving machinery/plant or other similar commercial vehicle, but does not include any vehicle designed as a passenger car or trailer or other similar small vehicle being suitable to carry loads of less than 1.5 tonnes;”

**floor area** has the same meaning as in the Building Code of Australia 1996 published by the Australian Building Codes Board;

**frontage** when used in relation to a building that is used for:

(a) residential purposes, has the same meaning as in the Residential Design Codes; and

(b) purposes other than residential purposes, means the road alignment at the front of a lot, if a lot abuts 2 or more roads, the one to which the building or proposed building faces;

**incidental use** means a use of premises which is ancillary and subordinate to the predominant use;

**Local Government** means the City of Albany;

**Local Planning Strategy** means the Local Planning Strategy in respect of the Scheme, as endorsed by the Western Australian Planning Commission under Regulation 12B of the Town Planning Regulations 1967 and amended from time to time;

**minerals** has the same meaning as in the Mining Act 1978;

**net lettable area (nla)** means the area of all floors within the internal finished surfaces of permanent walls but excludes the following areas:

(a) all stairs, toilets, cleaner’s cupboards, lift shafts and motor rooms, escalators, tea rooms and plant rooms, and other service areas;

(b) lobbies between lifts facing other lifts serving the same floor;

(c) areas set aside as public space or thoroughfares and not for the exclusive use of occupiers of the floor or building;

(d) areas set aside for the provision of facilities or services to the floor or building where such facilities are not for the exclusive use of occupiers of the floor or building;

**non-conforming use** has the same meaning as it has in s.172 of the Planning and Development Act 2005;

**plot ratio**, in the case of residential dwellings has the same meaning as in the Residential Design Codes; or in all other cases, shall mean the ratio of the gross total of all floor areas of buildings on a site to the area of land within the lot boundaries;

Subject : Building Activity – February 2018

Date : 01/03/2018

---

1. In February 2018, ninety nine (99) building permits were issued for building activity worth \$7,422,186.00. This included four (4) demolition licences and two (2) sign licences.
2. The two (2) attached graphs compare the current City activity with the past three (3) fiscal years. One compares the value of activity, while the other compares the number of dwelling units.
3. A breakdown of building activity into various categories is provided in the Building Construction Statistics form.
4. Attached are the details of the permits issued for February 2018, the eighth month of activity in the City of Albany for the financial year 2017/2018.
