Tender | C26014 - Albany Airport - Runway Upgrade and Overlay Early Contractor Involvement

BRIEF DESCRIPTION

Albany Airport (YABA) is a community asset owned and operated by the City of Albany. The City is seeking to engage a qualified Contractor under an 'Early Contractor Involvement' (ECI) approach, with expertise in airport pavements and civil infrastructure, to undertake an overlay of runway 14/32 and associated works at the Albany Airport. The City is undertaking a staged ECI approach to ensure constructability, methodology, and risk identification advice is incorporated into the design phase to achieve value for money and the efficient construction of the project. The City is seeking a contractor that can demonstrate their ability to plan and deliver the project in a safe and efficient manner whilst allowing the airport to remain operational while work is being undertaken.

Tender | C26015 - Albany Airport - Runway Upgrade and Overlay Restricted Request for Tender (RRFT)

BRIEF DESCRIPTION
Albany Airport (YABA) is a community asset owned and operated by the City of Albany. The City is seeking to engage a qualified Contractor with expertise in airport pavements and civil infrastructure, to undertake an overlay of runway 14/32 and associated works at the Albany Airport. Two Contractors have been identified as an outcome of the Stage 1 engagement process and have participated in and contributed to the ECI workshops (Stage 2) which have been inputted into the Detailed Design and Scope requirements. Both contractors are now requested to complete the Stage 3 component, being a Restricted Tender, based upon the Detailed Design documentation and specification, for final assessment and award for the nominated construction works.

Tender | C26024 – Boongarrie Street and Cunningham Street – Emu Point Reconstruction

BRIEF DESCRIPTION
The City of Albany seeks to engage a suitably qualified Civil Construction Contractor to undertake construction of the Boongarrie Street and Cunningham Street, Emu Point – Reconstruction contract. The existing road pavements, kerbing, drainage and parking areas have deteriorated, and the parking is largely unformalised. The project will reconstruct the road pavement, renew kerbing and drainage, and formalise sealed, paved and grassed (Surepave) parking to address failing pavements, increased traffic and the demand for more parking.

Tender | C26028 - Panel of Suppliers - Provision of Concrete Laying Services

BRIEF DESCRIPTION
The City of Albany (the "City") is seeking to establish a "Panel of Suppliers" for the provision of labour and associated equipment for concreting of footpaths and pavements. This Panel of Suppliers shall be the City's preferred suppliers and requests for concreting for footpaths or pavements shall be directed to members of this Panel before all others. However, the City reserves the right to carry out works in-house, or if it is of a specialised nature, non-Panel members may be engaged. Nothing in this Contract shall restrict the City from calling for submissions for concreting for major works as determined by the City.

Tender | C26034 – Dunn Park Living Wetland

BRIEF DESCRIPTION
The City of Albany seeks to engage a suitably qualified and experienced Contractor to undertake drainage and earthworks associated with the rehabilitation and enhancement of an existing stormwater attenuation basin. The works form part of a broader environmental improvement project aimed at enhancing water quality, biodiversity and recreational amenity while maintaining the basin's stormwater management function.

Tender | C26037 - Pfeiffer Road Reconstruction (SLK 16.8-19.9 & SLK 25.9-27.8)

BRIEF DESCRIPTION

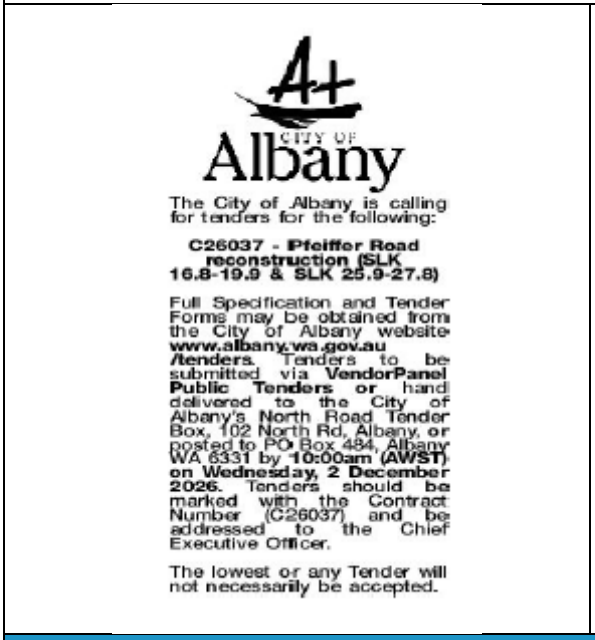

City of Albany seeks to engage a suitably qualified Contractor to undertake the construction of the Pfeiffer Road reconstruction (SLK 16.8-19.9 & SLK 25.9-27.8) contract. Pfeiffer Road runs between South Coast Highway and South Stirling over a distance of 28km. City of Albany has previously undertaken works to bring Pfeiffer Road up to current day standards and this project will extend the upgrade of the road a further 5km in 2 separable portions, one of 1.9km and one of 3.1km.

The proposed works involve the widening and reconstruction of Pfeiffer Road from a nominal 6.0m seal width to a 7.0m seal width plus 0.75m wide shoulders.
