

THIS IS RYAN.

CO-ORDINATOR MAJOR PROJECTS.

HERE ARE SOME OF THE WAYS RYAN CONSTRUCTS YOUR CITY.

CHANGING PLACES

Ryan worked with our Community Development team to deliver a restroom facility specifically designed for people who need space and assistance to manage their bathroom needs while out in the community, and for whom universal access toilets are not suitable.

CENTENNIAL STADIUM

Albany's new Centennial Stadium has provided a fantastic facility for footy fans to enjoy. Ryan and the team in Major Projects worked with a design team and local building contractors to construct the stadium, which recently hosted a WAFL match!

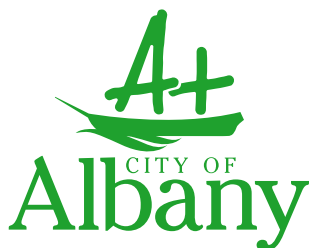

FIRE BRIGADE SHEDS

As our volunteer bush fire brigades constantly grow in membership numbers, they require bigger and better sheds to meet the growing operational needs. Ryan is working with local brigades to construct modern sheds for them to use.

OLD POST OFFICE VERANDAH

Although many of Ryan's projects are big, some of them are smaller. Like the replacement of the Old Post Office's collapsing verandah. Ryan and his team made sure they honoured the heritage value the building has, while restoring the verandah to its former glory.
