Reason for request to keep more than two dogs (if more space is required attach statement)

Please note that applications to keep more than two dogs will ONLY be approved in circumstances where:

- All dog registration requirements are satisfied;
- The dogs are not used for breeding purposes;
- The dogs are not of a restricted breed or declared a dangerous dog;
- All abutting neighbours have provided written consent or have no substantiated reasons for refusal (your application may not be supported where your neighbours have valid reasons to object to the keeping of more than two dogs);
- There is no history or current incidence of dog nuisance, wandering or control that is likely to impact on the surrounding community.

Once an application has been received by the City, and the \$25 application fee paid, a Ranger will conduct a property assessment to consider the following:

- Fence height and stability (ensuring that all access points are fitted with an efficient self-closing mechanism and a latch that is able to be locked);
- Proximity of neighbours;
- Location and housing arrangements of dogs; and
- Faecal disposal.

Please Note:

- Approval may be withdrawn if the City of Albany receives a complaint regarding the dogs at the address.
- A review of applications may occur at any stage if it is found that you have contravened any of the above conditions and approval may be revoked at any time;
- Approval will not be granted if adequate means do not exist at the property to effectively confine the dogs

I have read, understand and agree to the above conditions:
